

Wednesday 25 January 2012 – Morning

**A2 GCE
APPLIED INFORMATION AND COMMUNICATION TECHNOLOGY**

G055/01 Networking Solutions

Candidates answer on the Question Paper.

OCR supplied materials:

- Instructions for Candidates G055/01/IC (inserted)

Other materials required:

- Candidate's pre-prepared materials

Duration: 1 hour 30 minutes

Candidate forename		Candidate surname	
--------------------	--	-------------------	--

Centre number						Candidate number				
---------------	--	--	--	--	--	------------------	--	--	--	--

INSTRUCTIONS TO CANDIDATES

- The Insert will be found in the centre of this document.
- Write your name, centre number and candidate number in the boxes above. Please write clearly and in capital letters.
- Use black ink. HB pencil may be used for graphs and diagrams only.
- Answer **all** the questions.
- Read each question carefully. Make sure you know what you have to do before starting your answer.
- Write your answer to each question in the space provided. Additional paper may be used if necessary but you must clearly show your candidate number, centre number and question number(s).
- Attach your pre-prepared materials for tasks 1–3.
- Do **not** write in the bar codes.

INFORMATION FOR CANDIDATES

- The number of marks is given in brackets [] at the end of each question or part question.
- The total number of marks for this paper is **100**.
- No marks will be given for using brand names of software packages or hardware.
- The quality of your written communication will be assessed through Q4 and Q7.
- This document consists of **12** pages. Any blank pages are indicated.

For Examiner's Use		Max
Task 2		21
Task 3		9
1		6
2		5
3		6
4		10
5		6
6		8
7		9
8		2
9		4
10		4
11		4
12		6
Total		100

Section A

These questions refer to the Green Toes case study.

1 Describe **three** financial costs to Green Toes associated with the new network.

1

.....

.....

.....

.....

2

.....

.....

.....

.....

3

.....

.....

.....

..... [6]

2 A possible topology for the network at Green Toes is a logical bus network as shown in Fig. 1.

Fig. 1

(a) Describe **one** benefit to Green Toes of installing a logical bus network.

.....
.....
.....
..... [2]

(b) Mr Greensdale has decided **not** to use a logical bus network.

Explain **one** possible reason for this.

.....
.....
.....
.....
.....
..... [3]

3 The webmaster at Green Toes will develop and maintain the company's website.

Identify **two** types of software the webmaster could use. Explain how each could be used to develop and maintain the website.

1

.....

.....

.....

.....

.....

2

.....

.....

.....

.....

..... [6]

5 Mr Greensdale is considering introducing an intranet for the employees of Green Toes.

(a) Identify **two** advantages and **one** disadvantage of introducing an intranet.

Advantage 1

.....

Advantage 2

.....

Disadvantage

..... [3]

(b) Identify **one** piece of hardware required to host the intranet at Green Toes and describe its role.

.....

.....

.....

.....

.....

..... [3]

6 The Green Toes network will be connected to the internet. One benefit of this is access to internet services.

Identify **two** internet services and describe how Green Toes could use each service.

1

.....

.....

.....

.....

.....

.....

.....

2

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

[8]

Section B

You do not need the case study or your tasks to answer these questions.

8 Computers can connect to a LAN through a network interface card.

Identify **two** tasks carried out by a network interface card.

1

.....

2

..... **[2]**

9 (a) Define the term VLAN (Virtual Local Area Network)

.....

..... **[1]**

(b) Describe how a company could set up a VLAN to create three separate networks with 14 computers in each network.

.....

.....

.....

.....

.....

.....

..... **[3]**

10 A company wants to connect its network between two buildings on a large industrial site where there is a lot of noisy electrical equipment.

Explain **two** features of fibre optic transmission that make it suitable for this application.

1

.....

.....

.....

2

.....

.....

..... [4]

11 A network could be connected using 100BaseT (Ethernet) technology.

Describe **two** features of the Ethernet standard for 100BaseT.

1

.....

.....

.....

2

.....

.....

..... [4]

12 Two protocols needed to access internet services are FTP and TCP.

Describe each of these protocols.

FTP

.....

.....

.....

.....

.....

TCP

.....

.....

.....

.....

.....

..... [6]
