## Teacher Guide: Unit 16 Working Waves

---

### Guidance for Teachers

- Guidance on delivery – Page 209-212 – or reference to this from the specifications
- This includes information on the depth to which topics need to be studied
- Resources – Page 213 – or reference to this from the specifications.

### Guidance on Assessment

- Assessment guidance – Unit is assessed through a **1.5 hour** question paper (**90 marks**)
- Specimen paper – see specimen paper Unit 16 (G635): *Working Waves* (also available on this CD or from the OCR website).

### Suggested Time Allocation

- Based on 50-60 hours spent on this unit
- Suggest use a mixture of teaching styles to suit the topic/situation

### Teacher Resource Material

- Possible generic ideas for delivery
- Information pack – linked to the knowledge required
