This paper will test your ability to:

- develop ideas through sustained and focused investigations informed by contextual and other sources, demonstrating analytical and critical understanding
- experiment with and select appropriate resources, media, materials, techniques and processes, reviewing and refining ideas as your work develops
- record in visual and/or other forms, ideas, observations and insights relevant to intentions, demonstrating an ability to reflect on your work and progress
- present a personal, informed and meaningful response demonstrating critical understanding, realising intentions and, where appropriate, making connections between visual, written, oral or other elements.

The questions below should be seen as starting points for personal investigations in which you make reference to critical and contextual material with which you are familiar.

Choose **one** of the following questions.

1 *Windows and Doorways*

The study of windows and doorways provides opportunities for artists to explore the relationship between interior and exterior spaces and contrasting elements related to light, tone, colour and texture. Produce work based on your observations, making reference to appropriate work by others.

2 *Technology*

Technology has enabled artists to express themselves in innovative ways, using light, sound and movement. Work has ranged from kinetic sculptures to computer generated imagery and video. Consider examples and develop work which is informed by the use of technology.

3 *Festivals and Carnivals*

Festivals and carnivals are a significant feature of many cultures. They often include masked figures, fantastic costumes and elaborate tableaux. Consider appropriate contextual material and respond in your own way to this theme.

4 *Altering the Scale*

Altering the relative scale of people, objects or environments can result in work that is both surprising and intriguing. Develop a response to this idea, making reference to appropriate work by others.

5 *Significant Events*

Many artists have produced work based on a significant event reported in the news. Select a recent example of an event that has concerned you in some way and develop a personal response, making reference to related work by others.
