- When the test begins you will be asked:
 - (i) to carry out the task described overleaf
 - (ii) to discuss with the examiner the sub-topic which you have prepared. The topic must refer to France or a French-speaking country.
- You may **not** use a dictionary.

There are two sections to this examination:-

- | | |
|---------------------------------|------------|
| A. Role-play (5-6 mins) | [30 Marks] |
| B. Topic discussion (9-10 mins) | [30 Marks] |

- Candidates may bring into the examination a maximum of one side of A4 notes for the Topic discussion.

ROLE PLAY B – CANDIDATE'S SHEET

Note to the candidate: You should begin by asking the two questions. The task can then be completed in the order you prefer. You should base your replies on the English text, but sometimes you will need to use your imagination and initiative to react to the examiner's comments and questions.

La Situation

Un(e) collègue français(e) de votre mère est venu(e) dîner à la maison.

La Tâche

Vous discutez avec le / la collègue et vous découvrez qu'il / elle a cassé ses lunettes.

D'abord vous devez vous renseigner sur :

1 ce qu'il / elle fait en Angleterre

2 la date de son retour en France

Vous avez un dépliant sur les services d'une chaîne d'opticiens et vous pensez que cela pourrait lui être utile. À l'aide du dépliant, vous donnerez des détails sur :

- l'importance des bilans visuels
- ce qui se passe avant le bilan visuel
- le bilan visuel et les conséquences possibles
- les conducteurs et la loi
- les lunettes proposées
- le site web

Au cours de la conversation vous discuterez aussi :

- des raisons pour lesquelles, à votre avis, il est important d'avoir des bilans de santé régulièrement
- des problèmes qui peuvent arriver quand on travaille à l'étranger

À noter :

Un bilan visuel – an eye examination
 Les lentilles – contact lenses
 Une plaque d'immatriculation – number plate

Specsavers

Regular eye examinations are essential for good vision. They can also help identify other medical conditions. When you arrive, an assistant will take your details. If you wear contact lenses, you will need to remove them before the examination.

The eye examination

There are hundreds of different tests the optician can do. If he considers that you would see better with new glasses, he will explain why and recommend the best options.

Driving

Your insurance will not be valid if you do not wear your glasses or contact lenses when driving.

By law, you must be able to read a number plate from a distance of 20 metres.
