**MARK SCHEME for the May/June 2012 question paper
for the guidance of teachers**

8987 GLOBAL PERSPECTIVES

8987/03

Paper 3 (Presentation), maximum raw mark 40

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

- Cambridge will not enter into discussions or correspondence in connection with these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2012 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

- The assessment objectives (AOs) are to some extent inter-dependent and the presentations should be marked holistically using the level-based mark scheme below.
- Examiners should look at each section of the level descriptors. If all are solidly attained for a level, the top mark for the level is to be awarded. Descriptors describe the top mark of each level.
- There will frequently be some aspects of the answer which fall within a level and some within the level below. Examiners should award a lower mark in the higher band according to this balance. All marking will be positive. Examiners will use the full range of marks and look for the 'best fit', not a 'perfect fit'.
- There is no requirement for candidates to use technical Critical Thinking terms to access any level and candidates will **not** be rewarded for their use unless they are directly linked to the demands of the question.
- The running time for the presentation must not exceed 15 minutes. Examiners will not credit material after the 15 minute limit.
- Each presentation must be accompanied by a signed cover sheet (please notify the Examiners' Helpdesk if it is missing)
