## Section A

Answer the question in this section.

Use the source and your own knowledge to answer Question 1.

### **Source for Question 1**

A much disputed question in political science is where the sovereignty of the state is located. Does it reside in a legislature which is empowered to make statutes that can override rules of common law or repeal earlier statutes? Or in a supreme court that can determine whether an Act of Legislature is constitutional? Or does it reside in the constitution itself, or in the body that is empowered to amend the constitution? Hence we hear of 'the sovereignty of Parliament' or sometimes of 'popular sovereignty'.

*Problems of Political Philosophy, D D Raphael*
