Qualification summary

Subject criteria

The General Certificate of Education is part of the Level 3 provision. This specification is based on the Advanced Subsidiary GCE and Advanced GCE subject criteria for modern foreign languages, which are prescribed by the regulatory authorities and are mandatory for all awarding bodies.

The Advanced Subsidiary and Advanced GCE in Greek have been designed in response to subject criteria which are intended to:

- help ensure consistent and comparable standards in the same subject across the awarding bodies
- define the relationship between the Advanced Subsidiary and Advanced GCE level specifications, with the Advanced Subsidiary as a subset of the Advanced GCE level
- ensure that the rigour of the Advanced GCE is maintained
- help higher education institutions and employers know what has been studied and assessed.

Aims

The Edexcel Advanced Subsidiary and Advanced GCE in Greek aims to encourage students to:

- develop an interest in, and enthusiasm for, language learning
- develop understanding of the language in a variety of contexts and genres
- communicate confidently, clearly and effectively in the language for a range of purposes
- develop awareness and understanding of the contemporary society, cultural background and heritage of countries or communities where the language is spoken
- consider their study of the language in a broader context.

The Edexcel Advanced Subsidiary and Advanced GCE in Greek enables students to:

- derive enjoyment and benefit from language learning
- acquire knowledge, skills and understanding for practical use, further study and/or employment
- communicate with speakers of the language
- take their place in a multilingual global society.

AS/A2 knowledge and understanding

The Advanced Subsidiary specification requires students to:

- read and respond to a variety of Greek-language written texts, including authentic sources, covering different contexts, registers, styles and genres*
- adapt their written Greek language appropriately for different situations and purposes
- use the Greek language accurately to express facts and ideas, and to present explanations, opinions and information in writing
- understand and apply the grammatical system and a range of structures of the Greek language as detailed in *Appendix 6: Grammar lists*
- transfer meaning from Greek into English and/or vice versa.
- In addition, Advanced GCE specification requires students to:
 - use the Greek language to present viewpoints, develop arguments, analyse and evaluate in writing
 - understand and apply the grammatical system and a range of structures in Greek as detailed in *Appendix 6: Grammar lists*
 - study aspects of the contemporary society, cultural background and heritage of one or more of the Greek-language countries or communities
 - transfer meaning from English into Greek, and/or vice versa. If one skill is not assessed at Advanced Subsidiary level it must be assessed at A2 level.

* Written Greek-language sources must include material that relates to the contemporary society, cultural background and heritage of one or more of the countries or communities where the language is spoken.

AS/A2 skills

- The knowledge and understanding requirements of this Advanced Subsidiary and Advanced GCE specification are inextricably linked to the two language skills of **reading and writing** in Greek in line with the requirements of the subject criteria.
- Although speaking and listening skills are not directly assessed, it is anticipated that these will be developed in the course of general teaching to support this specification.

C GCE Greek unit content

Unit 1 Understanding and Written Response in Greek 13

Unit 2 Understanding, Written Response and Research in Greek 19

Course structure

- Edexcel's GCE in Greek comprises two units and contains an Advanced Subsidiary.
- The Advanced Subsidiary GCE is the first half of the GCE course and consists of Unit 1. It may be awarded as a discrete qualification or contribute 50 per cent of the total Advanced GCE marks.
- The full Advanced GCE award consists of one AS unit (Unit 1), plus one A2 unit (Unit 2) which makes up the other 50 per cent of the Advanced GCE. Students wishing to take the full Advanced GCE must, therefore, complete both units.
- The structure of this qualification allows teachers to construct a course of study which can be taught and assessed either as:
 - ◆ distinct modules of teaching and learning with related units of assessment taken at appropriate stages during the course; or
 - ◆ a linear course which is assessed in its entirety at the end.

D Assessment and additional information

Assessment information

Assessment requirements	For a summary of assessment requirements and assessment objectives, see Section B, Specification overview.
Entering students for the examinations for this qualification	Details of how to enter students for the examinations for this qualification can be found in Edexcel's Information Manual, copies of which are sent to all examinations officers. The information can also be found on Edexcel's website (www.edexcel.com).
Resitting of units	<p>There is no limit to the number of times that a student may retake a unit prior to claiming certification for the qualification. The best available result for each contributing unit will count towards the final grade.</p> <p>After certification all unit results may be reused to count towards a new award. Students may re-enter for certification only if they have retaken at least one unit.</p> <p>Results of units held in the Edexcel unit bank have a shelf life limited only by the shelf life of this specification.</p>
Awarding and reporting	<p>The grading, awarding and certification of this qualification will comply with the requirements of the current GCSE/GCE Code of Practice for courses starting in September 2008, which is published by the Qualifications and Curriculum Authority. The AS qualification will be graded and certificated on a five-grade scale from A to E. The full GCE Advanced level will be graded on a six-point scale A* to E. Individual unit results will be reported.</p> <p>A pass in an Advanced Subsidiary subject is indicated by one of the five grades A, B, C, D, E of which grade A is the highest and grade E the lowest. A pass in an Advanced GCE subject is indicated by one of the six grades A*, A, B, C, D, E of which Grade A* is the highest and Grade E the lowest. To be awarded an A* students will need to achieve an A on the full GCE Advanced level qualification and an A* aggregate of the A2 units. Students whose level of achievement is below the minimum judged by Edexcel to be of sufficient standard to be recorded on a certificate will receive an unclassified U result.</p>

Performance descriptions

Performance descriptions give the minimum acceptable level for a grade. See *Appendix 1* for the performance descriptions for this subject.

Language of assessment

Assessment of this specification will be available in Greek although some responses in English will be required. Assessment materials will be published in Greek.

Quality of written communication

Students will be assessed on their ability to:

- write legibly, with accurate use of spelling, grammar and punctuation in order to make the meaning clear.
- At AS level, where English language responses are required, it is important that students produce these responses legibly and pay attention to spelling, punctuation and grammar to ensure effective communication.

Assessment objectives and weighting

		% in AS	% in A2	% in GCE
AO2	Understand and respond, in speech and writing, to written language.	75%	75%	75%
AO3	Show knowledge of and apply accurately the grammar and syntax prescribed in the specification.	25%	25%	25%
TOTAL		100%	100%	100%

Synoptic assessment

In synoptic assessment there should be a concentration on the quality of assessment to ensure that it encourages the development of the holistic understanding of the subject.

Synopticity requires students to connect knowledge, understanding and skills acquired in different parts of the Advanced GCE course.

Synoptic assessment in the context of Greek is naturally occurring and requires students to draw upon different skills within an assessment task. In Unit 2 the essays related to the student's chosen topic(s) and/or text(s) implicitly requires some reading as part of the student's preparation and research for this 'written' exercise. Knowledge of grammar structures is also not restricted to one skill area but is tested across skills and in both units.

Stretch and challenge

Students can be stretched and challenged in the A2 unit through the use of different assessment strategies. Some examples are given below.

Translation into Greek enables students to demonstrate an ability to manipulate complex language at an advanced level. They can draw on appropriate vocabulary and structures to produce a translation which is accurate and natural rather than pedestrian.

The topic or text essay (extended writing) enables students to demonstrate that they can produce fluent and relevant language at an advanced level. It can reveal use of complex language structures and comprehensive range of vocabulary. They can use this to convey opinions and express themselves well and accurately.

Key skills

This specification provides opportunities for developing and generating evidence for assessing the key skills listed below:

- communication
- information and communication technology
- improving own learning and performance
- working with others.

Teachers should note that assessment of the key skill of communication must be in English and that, although foreign language study presents an opportunity to develop communication skills, assessment of this key skill in a foreign language is not permitted.

Further details are available in *Appendices 2 and 3*.

This qualification will be mapped to functional skills once they are finalised. Information will be available on our website (www.edexcel.com/gce2008) at a later date.

The wider curriculum

This qualification provides opportunities for developing an understanding of spiritual, moral, ethical, social and cultural issues, together with an awareness of citizenship, environmental issues, health and safety considerations, and European developments consistent with relevant international agreements appropriate as applied to Greek. *Appendix 4: Wider curriculum* maps the opportunities available.

Edexcel has a wide range of support services to help you implement this qualification successfully.

ResultsPlus — ResultsPlus is a new application launched by Edexcel to help subject teachers, senior management teams, and students by providing detailed analysis of examination performance. Reports that compare performance between subjects, classes, your centre and similar centres can be generated in 'one-click'. Skills maps that show performance according to the specification topic being tested are available for some subjects. For further information about which subjects will be analysed through ResultsPlus, and for information on how to access and use the service, please visit www.edexcel.com/resultsplus

Ask the Expert — Ask the Expert is a new service, launched in 2007, that provides direct email access to senior subject specialists who will be able to answer any questions you might have about this or any other specification. All of our specialists are senior examiners, moderators or verifiers and they will answer your email personally. You can read a biography for all of them and learn more about this unique service on our website at www.edexcel.com/asktheexpert.

Ask Edexcel — Ask Edexcel is Edexcel’s online question and answer service. You can access it at www.edexcel.com/ask or by going to the main website and selecting the Ask Edexcel menu item on the left.

The service allows you to search through a database of thousands of questions and answers on everything Edexcel offers. If you don’t find an answer to your question, you can choose to submit it straight to us. One of our customer services team will log your query, find an answer and send it to you. They’ll also consider adding it to the database if appropriate. This way the volume of helpful information that can be accessed via the service is growing all the time.

Examzone — The examzone site is aimed at students sitting external examinations and gives information on revision, advice from examiners and guidance on results, including re-marking, re-sitting and progression opportunities. Introduction

Performance descriptions have been created for all GCE subjects. They describe the learning outcomes and levels of attainment likely to be demonstrated by a representative candidate performing at the A/B and E/U boundaries for AS and A2.

In practice most candidates will show uneven profiles across the attainments listed, with strengths in some areas compensating in the award process for weaknesses or omissions elsewhere. Performance descriptions illustrate expectations at the A/B and E/U boundaries of the AS and A2 as a whole; they have not been written at unit level.

Grade A/B and E/U boundaries should be set using professional judgement. The judgement should reflect the quality of candidates' work, informed by the available technical and statistical evidence. Performance descriptions are designed to assist examiners in exercising their professional judgement. They should be interpreted and applied in the context of individual specifications and their associated units. However, performance descriptions are not designed to define the content of specifications and units.

The requirement for all AS and A level specifications to assess candidates' quality of written communication will be met through one or more of the assessment objectives.

The performance descriptions have been produced by the regulatory authorities in collaboration with the awarding bodies.

Appendix 3 Key skills development

Achievement of key skills is not a requirement of this qualification but it is encouraged. Suggestions for opportunities for the generation of Level 3 key skill evidence are given here.

Communication — Level 3

Teachers should note that assessment of the key skill of communication must be in English, Irish or Welsh and that, although foreign language study clearly presents opportunities to develop skills in communication, assessment in the foreign language is not appropriate. For this specification, all key skills — communication evidence must be in English.

Key skills portfolio evidence requirement		AS/A2 unit	Opportunities for development or internal assessment
C3.1a	Take part in a group discussion.	Both units	Students to choose any topic related to one of the general topic areas for group/class discussion. Students would need to undertake some preparation and research so that they could contribute and present their views effectively. NB: The preparation for the above would also help develop reading and writing skills. This could form the basis of a video/podcast production and link to written work.
C3.1b	Make a formal presentation of at least eight minutes using an image or other support material.	Both units	Students to give a PowerPoint presentation (with imported visuals) on a topic or issue of their choice. NB: Above activities could form the basis of a video/podcast production and link to written work.
C3.2	Read and synthesise information from at least two documents about the same subject. Each document must be a minimum of 1000 words long.	Unit 2	Classroom-based research assignments to support students studying and researching their chosen topic(s) and/or text(s). Students would need to undertake extensive reading across a range of written materials in Greek and select appropriate information for their notes. The Unit 2 topic or text essay would enable students to show their ability to summarise findings from their reading as well as express their feelings and attitudes. NB: It is expected that students will consult a range of written sources of information including newspapers, magazines and books. Sources may also be internet-derived.
C3.3	Write two different types of documents, each one giving different information about complex subjects. One document must be at least 1000 words long.	Unit 2	Students to undertake different types of Greek-language writing exercises (eg prose translation exercises and extended essays).

Information and communication technology — Level 3

Key skills portfolio evidence requirement		AS/A2 unit	Opportunities for development or internal assessment
ICT3.1	Search for information, using different sources, and multiple search criteria in at least one case.	Both units	Students undertake classroom-based research for information on specific topics/issues. They will usually need to select different research criteria in order to gain comprehensive notes. Resources consulted could include different media, eg the internet, CDs, film, television etc. This research will promote the development of reading skills in addition to supporting preparation for written work.
ICT3.2	Enter and develop the information and derive new information.	Both units	General classroom based research activities: students to explore and enhance information that they have located and recorded through addition of personal opinions, comparison and informed conclusions. Resources consulted could involve different media, including the internet, CDs, film, television etc. This activity would support reading skills in addition to supporting preparation for written work.
ICT3.3	Present combined information such as text with image, text with number, image with number.	Unit 2	Students to give a PowerPoint presentation (with imported numerical data/graphs etc) on a topic or issue of their choice — useful preparation for Unit 2 topic or text-based research.

Improving own learning and performance — Level 3

Key skills portfolio evidence requirement		AS/A2 unit	Opportunities for development or internal assessment
LP3.1	Set targets using information from appropriate people and plan how these will be met.	Both units	Setting individual learning plans, discussing the focus of work and potential targets for improvement with teacher(s). Planning and undertaking group assignments, eg projects reliant on input from different individuals.
LP3.2	Take responsibility for your learning, using your plan to help meet targets and improve your performance.	Both units	Revisiting individual learning plans and targets for improvement with teacher(s). Identification of areas for improvement and agreement to an appropriate action plan if appropriate.
LP3.3	Review progress and establish evidence of your achievements.	Both units	Revisiting individual learning plans and targets for improvement to identify and acknowledge progress made.

Working with others — Level 3

Key skills portfolio evidence requirement		AS/A2 unit	Opportunities for development or internal assessment
WO3.1	Plan work with others.	Both units	Group work, eg deciding a common focus for research investigations. Discussion of content for a research questionnaire, video or drama project.
WO3.2	Seek to develop co-operation and check progress towards your agreed objectives.	Both units	Preparation, and ongoing review, of research linked to pair or group work. This necessitates reaching a common agreement on ways of enhancing and improving content and would involve seeking guidance from the teacher(s). Production of research questionnaires, video or drama project with inbuilt opportunities to review the content and quality of work.
WO3.3	Review work with others and agree ways of improving collaborative work in the future.	Both units	Review final research work and, potentially, identify how the group work could have been improved. Review completed research questionnaires, video or drama project and, potentially, identify how the group work element could have been improved.

In addition to the acquisition of knowledge about language structures and the development of practical language skills, effective language learning involves a promotion of cultural understanding. This specification requires students to consider a range of topics, issues and different aspects of target-language culture and to give their views and express opinions on these. Consequently, the specification and linked classroom studies should give learners many opportunities to relate their language study to all of the listed 'issues'.

Type of code	Use of code	Code number
National classification codes	Every qualification is assigned to a national classification code indicating the subject area to which it belongs. Centres should be aware that students who enter for more than one GCE qualification with the same classification code will have only one grade (the highest) counted for the purpose of the school and college performance tables.	5710
National Qualifications Framework (NQF) codes	Each qualification title is allocated a QCA National Qualifications Framework (NQF) code. The QCA National Qualifications Framework (NQF) code is known as a Qualification Accreditation Number (QAN). This is the code that features in the DfES Funding Schedule, Sections 96 and 97, and is to be used for all qualification funding purposes. The QCA QAN is the number that will appear on the student's final certification documentation.	The QANs for the qualifications in this publication are: AS — 500/2441/3 Advanced GCE — 500/2313/5
Unit codes	Each unit is assigned a unit code. This unit code is used as an entry code to indicate that a student wishes to take the assessment for that unit. Centres will need to use the entry codes only when entering students for their examination.	Unit 1 — 6GK01 Unit 2 — 6GK02
Cash in codes	The cash-in code is used as an entry code to aggregate the student's unit scores to obtain the overall grade for the qualification. Centres will need to use the entry codes only when entering students for their qualification.	AS — 8GK01 Advanced GCE — 9GK01
Entry codes	The entry codes are used to: 1 enter a student for the assessment of a unit 2 aggregate the student's unit scores to obtain the overall grade for the qualification.	Please refer to the Edexcel Information Manual available on the Edexcel website.

Advanced Subsidiary and A2 level students will be expected to have studied the grammatical system and structures of the language during their course. In the examination they will be required to actively and accurately use grammar and structures appropriate to the tasks set, drawn from the following lists. The lists are divided into Advanced Subsidiary and A2 level. The examples in italics are indicative, not exclusive.

The Pocket Oxford Greek Dictionary (English-Greek, Greek-English) (Stavropoulos, 1995)

AS/A levels often require assessment of a broad range of competences. This is because they are general qualifications and, as such, prepare candidates for a wide range of occupations and higher level courses.

The revised AS/A level qualification and subject criteria were reviewed to identify whether any of the competences required by the subject presented a potential barrier to any disabled candidates. If this was the case, the situation was reviewed again to ensure that such competences were included only where essential to the subject. The findings of this process were discussed with disability groups and with disabled people.

Reasonable adjustments are made for disabled candidates in order to enable them to access the assessments. For this reason, very few candidates will have a complete barrier to any part of the assessment. For information on reasonable adjustments please see the Edexcel website (www.edexcel.com).

Candidates who are still unable to access a significant part of the assessment, even after exploring all possibilities through reasonable adjustments, may still be able to receive an award. They would be given a grade on the parts of the assessment they have taken and there would be an indication on their certificate that not all of the competencies have been addressed. This will be kept under review and may be amended in the future.

A level Greek requires assessment of the skills of speaking, listening, reading and writing. Some candidates may have difficulty in accessing aspects of the assessment, where reasonable adjustments cannot be applied, as follows:

- Speaking — some candidates with a speech impairment
- Listening — some candidates with a hearing impairment and who cannot lip read
- Reading — some candidates with a visual impairment who cannot read Braille.
