	Hayley is 17 years of age and lives with her mother and younger brother, Kevin.
	Having achieved eight GCSEs, Hayley is now studying a GCE in Health and Social
	Care. Eventually she would like to become a children's nurse. Hayley is enjoying the
	course and finds the topics she is studying interesting.

In her spare time Hayley enjoys playing sport and going to the gym. Hayley also has a part-time job in a fashion store. She enjoys working there as it brings her in to contact with lots of different people. The additional money is also useful.

Hayley has a boyfriend called Andy. They are looking forward to a holiday in Spain.

(a)	From the information given, identify <b>one</b> physical, social, emotional and intellectual factor of Hayley's development.
