

MARK SCHEME for the 2006 question paper

<p style="text-align: center;">CAMBRIDGE INTERNATIONAL DIPLOMA IN ICT 5207A Advanced Graphics</p>
--

This mark scheme is published as an aid to teachers and students, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

The grade thresholds for various grades are published in the report on the examination for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses.

- CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the October/November 2006 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

Name in yellow: positioned top

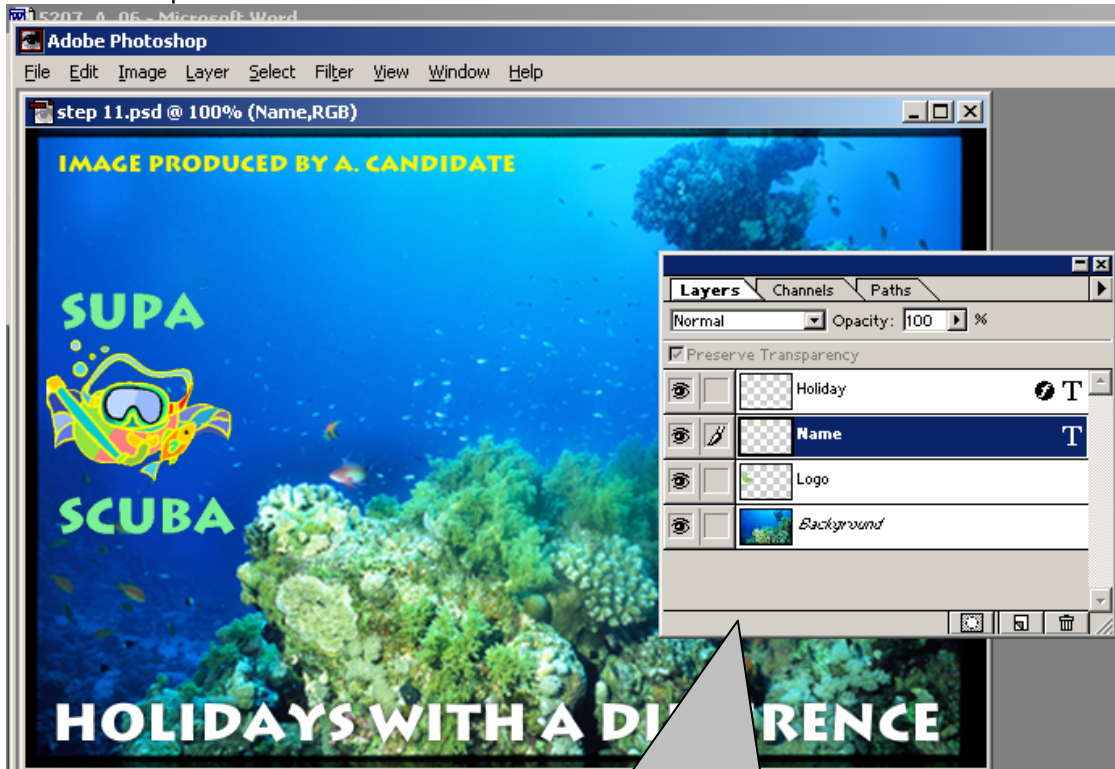

Image is 21 cm wide x 15 cm high

Text properly positioned with colour altered to match light green from coral
Background visible around lettering

Text, white, sans-serif; properly

Printout at step 12

Printout at step 13

4 layers named as shown
(different packages may show this in a different way)

Printout at step 16

Name	Size	Type	Modified
reef	1,495 KB	JPG File	04/05/2004 14:24
step 11	1,339 KB	Adobe Photoshop I...	05/04/2005 22:22
step 15	1,338 KB	Adobe Photoshop I...	06/04/2005 17:28
step 17	143 KB	JPG File	06/04/2005 17:39
logo	21 KB	JPG File	05/04/2005 22:23

Printout at step 18

Listing shows at least 3 files
 File saved step 17 should be much smaller than the file saved at step 11 and 15 (which contain layers)
 Actual file sizes may be very different from those listed
 Listing may be screen shot, DOS directory listing or any other listing which clearly shows filenames and sizes
