Please see below a summary of the amendments to the enclosed pages of the *OCR Admin Guide and Entry Codes: 14–19 Qualifications*.

Changes to GCE Electronics and GCE ICT options

As you may be aware, for a number of specifications, candidate work for controlled assessment/coursework components can be submitted via one of two methods: either the OCR Repository or Postal Moderation.

We are pleased to let you know that we now offer a choice of submission for the units below. The entry codes have changed as follows:

GCE Electronics	GCE ICT
Build and Investigate Electronic Circuits: F613A Component 01 – OCR Repository F613B Component 02 – Postal Moderation	ICT Project (A2): G064A Component 01 – OCR Repository G064B Component 02 – Postal Moderation
Design, Build and Investigate Electronic Circuits (A2): F616A Component 01 – OCR Repository F616B Component 02 – Postal Moderation	

This change came too late to be included in the Entry Codes section of the current 2010/11 Admin Guide, we enclose amended pages for you to replace (pages 24 and 43).

Amended unit availability of Level 2 Principal Learning in Retail Business

The information regarding the January availability of Unit G520 (Exploring the retail supply chain) is incorrect in the Entry Codes section of the current 2010/11 Admin Guide (page 89); the unit **is available** for assessment in January 2011. We enclose the amended page for you to replace.
