AS GCE INFORMATION AND COMMUNICATION TECHNOLOGY

G061/01 Information, Systems and Applications

Candidates answer on the Question Paper.

OCR supplied materials:

None

Other materials required:

None

Duration: 2 hours

Candidate forename				Candidate surname			
Centre numb	er			Candidate nu	ımber		

INSTRUCTIONS TO CANDIDATES

- Write your name, centre number and candidate number in the boxes above. Please write clearly and in capital letters.
- Use black ink. HB pencil may be used for graphs and diagrams only.
- Answer all the questions.
- Read each question carefully. Make sure you know what you have to do before starting your answer.
- Write your answer to each question in the space provided. Additional paper may be used if necessary but you must clearly show your candidate number, centre number and question number(s).
- Do not write in the bar codes.

INFORMATION FOR CANDIDATES

- The number of marks is given in brackets [] at the end of each question or part question.
- The total number of marks for this paper is 120.
- Your quality of written communication is assessed in the question marked with an asterisk (*).
- This document consists of 20 pages. Any blank pages are indicated.

Answer **all** the questions.

- (c) When Greenfingers@Coventry receives a booking request from the website, it is given the following details:
 - name, email and address of customer
 - date services required
 - time services required
 - list of the services required.

Greenfingers@Coventry checks the appointments diary to see if the request can be met. If the request can be met:

- the customer is informed by email that the booking has been confirmed
- the booking is written in the diary.

If the request cannot be met:

the customer is sent an email to say that the booking has been declined.

Draw a diagram to show the input, process, storage and output stages for the above system.
