**Use the following information to answer question 1(c).**

Some areas of the centre are being refurbished. At times chemicals and paint are left in the gym. The manager has said that this is not acceptable but he just wants the job done quickly. The gym staff move the chemicals and paint around so that they are not in the way of the activities. However, this has led to one of the gym staff burning her fingers as she did not realise that a tin contained cleaning fluid. Also, a can of paint has been knocked over, damaging the gym floor.

- \*(c) Explain the possible benefits to Sportzgym of the correct implementation of the Control of Substances Hazardous to Health (COSHH) Regulations.

(8)

Safety in the leisure sector is overseen by the Health and Safety Executive (HSE).

**Use the following information to answer question 2(c).**

The new manager has noticed that there is no business plan and that the number of new customers joining has fallen rapidly in the last two years. The results of a recent mystery visit show that:

- Staff were passing problems on to someone else rather than dealing with them themselves
- Reception staff were considered 'not friendly'
- Customer comment forms were not always available
- The centre was assessed as unsatisfactory for cleanliness and maintenance
- Some of the treadmills were not working and there was no indication that the problem was being addressed

He has decided that Sportzgym should try to achieve either Quest or LiP accreditation to address these issues permanently.

\*(c) State which quality system you think would be more appropriate. Justify your decision.

The management is planning some changes to the centre. However, the finance director is not sure that the changes are affordable as at present membership numbers are the lowest they have been for years. Recently, the centre ran a campaign to attract new members.

Membership costs for Sportzgym are as follows:

	<b>Payment Type</b>	<b>Cost</b>
<b>Full Membership</b>	Annual fee (paid at start of the year)	£750 per year
	Monthly fee (paid by direct debit)	£70 per month

- (b) (i) State the annual saving for a customer paying an annual fee.

The marketing campaign offered new members a 10% discount on their first year's membership, whichever method of payment they chose. As a result of the campaign 31 new members joined the club; 22 opted to pay by direct debit and 9 to pay an annual fee.

- (ii) State the total extra income that Sportzgym will gain in the first year as a result of this campaign. Show your working in the space provided.

(3)

(iii) Analyse the benefits to Sportzgym of offering a reduction in the cost for members paying an annual fee rather than paying monthly.

**Use the following information to answer question 3(d).**

At the moment members sign in when they arrive at the club and the reception staff check their membership cards. Equipment, such as towels, can be hired at reception. The manager would like to know which facilities are used the most and when most members attend. He is considering introducing different charges for members according to the time of the day that they come to the centre. He wants to introduce a swipe card entry system at the main reception entrance and at each separate entrance to individual facilities such as the gym.

- (d) Analyse the advantages and disadvantages to Sportzgym of introducing a swipe card system for members.
