Centre number						Candidate number			
---------------	--	--	--	--	--	------------------	--	--	--

INSTRUCTIONS TO CANDIDATES

- Write your name, your centre number and candidate number in the boxes above. Please write clearly and in capital letters.
- Use black ink. Pencil may be used for graphs and diagrams only.
- Read each question carefully. Make sure you know what you have to do before starting your answer.
- Write your answer to each question in the space provided. If additional space is required, you should use the lined pages at the end of this booklet. The question number(s) must be clearly shown.
- Answer **all** questions in Sections A, B and C.
- Do **not** write in the bar codes.

INFORMATION FOR CANDIDATES

- The number of marks is given in brackets [] at the end of each question or part question.
- The total number of marks for this paper is **60**.
- Quality of written communication is assessed throughout this paper.
- This document consists of **12** pages. Any blank pages are indicated.

Section A

Answer **all** questions.

A researcher conducted a study using the participant observation method to investigate the behaviour of people waiting in a bus queue. The observation took place on a week day between 8am and 10am using event sampling.

The table below shows the number of times different behaviours were observed.

Reading (magazine, newspaper, book etc)	Talking to other people	Listening to music through headphones	Using a mobile phone	Waiting quietly doing nothing
31	11	18	26	8

- 1 (a) What is participant observation?

.....

.....

.....

.....

[2]

- (b) Identify **one** strength and **one** weakness of using the participant observation method in this study.

.....

.....

.....

.....

.....

.....

.....

[4]

- 3 (a) Sketch an appropriate graph or chart to display the findings from this study.

[4]

- (b)** Outline **two** findings from the data displayed in this graph or chart.

[4]

Total [20 Marks]

Section B

Answer **all** questions.

A study investigating factors influencing inter-personal attraction was conducted by psychologists using the self-report method. This involved asking people questions about how important age, appearance, personality, occupation and money were when forming romantic relationships. People were approached in a local shopping centre one weekday morning and asked if they would take a questionnaire home to complete and return using a pre-paid envelope.

- 4 (a) Identify **two** ethical issues in this study.

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
..... [4]

- (b) Suggest how **one** of these ethical issues could be addressed.

.....
.....
.....
.....
.....
.....
.....
.....
.....
..... [3]

- 5** Evaluate the reliability and validity of this research.

. [10]

- 6 Name and describe an alternative sampling method for this study.

.....
.....
.....
.....
.....
.....
.....

[3]

Total [20 Marks]

Section C

Answer all questions.

Psychologists want to investigate if there is a correlation between how interested a person is in cars and their driving skills.

- 7** Suggest an appropriate null hypothesis for this study.

[4]

[4]

- 8** Describe and evaluate a way to measure ‘driving skills’ that could be used in this study.

. [10]

10

- 9** Identify **one** strength and **one** weakness of using the correlation method in this study.

[6]

[6]

Total [20 Marks]

Additional Pages

If you use the following lined pages to complete the answer(s) to any question(s), the question number(s) must be clearly shown.

Sampled Data

OCR is committed to seeking permission to reproduce all third-party content that it uses in its assessment materials. OCR has attempted to identify and contact all copyright holders whose work is used in this paper. To avoid the issue of disclosure of answer-related information to candidates, all copyright acknowledgements are reproduced in the OCR Copyright Acknowledgements Booklet. More details about the publisher's acknowledgements can be found at www.ocr.org.uk. OCR will be happy to accept any corrections or amendments to the information provided in the Copyright Acknowledgements Booklet.

If OCR has unwittingly failed to correctly acknowledge or clear any third-party content in this assessment material, OCR will be happy to correct its mistake at the earliest possible opportunity.
