Unit 4

The assessment objectives will be allocated in the following way:

		% of A Level	Marks
AO1	Response to spoken language	5	40
AO2	Response to written language	7.5	60
AO3	Knowledge of grammar	5	40
	TOTAL	17.5	140

The marks will be allocated in the following way.

	AO1	AO2	AO3
Short listening pieces	18		5
Longer listening pieces	22		15
Short reading texts		25	
Longer reading text		35	20

General Principles

- In questions where a candidate has been required to tick an answer, no credit can be given if there are too many ticks in answer to a multiple choice question. Any ticks in addition to the maximum required will be taken from the candidate's total for the questions. For example, in a question requiring a maximum of 4 ticks, if a candidate has ticked 5 boxes and three of these are correct then a mark of $3 - 1 = 2$ will be awarded.
- Where a candidate repeats the same error within a question, no further penalty should be imposed in awarding a mark for Communication.
- In awarding marks for A03 (Knowledge of Grammar) for answers in response to the reading passages examiners should take into account to what extent the candidate has attempted to use his/her own language. If a candidate has entirely copied from the original then this response could not be considered when awarding marks for Quality of Language.
- For answers in response to the listening passages candidates may well rely on the original spoken text. Therefore candidates can use the same wording from the original target language they hear and score marks for A03, although there will have to be a certain amount of accuracy in spelling, and some attempt at manipulation (eg in changing the verb endings to suit the third rather than the first person).
- English spellings are not accepted unless the word is spelt the same in both languages.
- Where marks are awarded for Quality of Language, the principle to be applied is that the Quality of Language marks can only be awarded for successfully conveying the required content. The following principles will therefore apply:
 1. If the maximum mark for comprehension and quality of language is the same, the mark awarded for Quality of Language may not exceed the mark awarded for comprehension.
 2. If the maximum marks for comprehension and Quality of Language are not the same, the maximum mark which may be awarded for quality of language is indicated by a table (see individual questions).

Mark Scheme

The five marks for Quality of Language (A03) for questions (a) to (d) will be applied as follows:

NB. Where there is nothing of relevance in the answer to the question set, no marks will be awarded for knowledge of grammar.

Knowledge of Grammar (A03)	
5	The grammatical structures in the specification are used accurately. There are occasional errors but these are of a minor nature.
4	Grammar is sound. Tenses and agreements are reliable. There are errors but mostly only in the most difficult areas.
3	The grammatical structures are generally known but success in applying them is inconsistent.
2	Evidence of serious gaps in basic grammar. Even common structures are not sound and some irregular verbs are poorly constructed.
0-1	Errors are elementary and so numerous as to impede comprehension.

Only answers marked correctly for comprehension can be considered for A03.
