ADRAN A

Y Stori Fer

1. (i) Yn y stori, *Pe Bai'r Wyddfa i Gyd yn Gaws* gan Mihangel Morgan, disgrifiwch yr hyn sy'n digwydd i Robyn **yn y stori hon.** [20]
- (ii) Dadansoddwch arddull y **darn isod** gan nodi unrhyw dechnegau y mae'r awdur yn eu defnyddio. [20]

Ciliodd Wendy mewn cwmwl o oerni. Arllwysodd Robyn ei gorff mawr meddal i'w garbach. Prin ei fod yn ffitio.

Wrth feddwl am y noson yn awr teimlai'n isel ei ysbryd.

Yna daeth ei fam ato â dau *pizza* crwn gyda chig a chaws a selsig a llysiau, pupur coch a gwyrdd, a madarch a chorgimychiaid a ham a thiwna ac ansiofis ac olifau du ar eu pennau nhw.

- Ar ôl iti f'ytu rheina mae 'da fi ddau *gâteau* siocled a hufen iti, meddai'i fam.

* * * * *

Gorffennodd Robyn ei waith am y dydd. Gofynnodd i'w fam wneud pryd mawr o basta a chig moch a chig eidion a chaws. A gwnaeth hithau hynny yn unol â'i gyfarwyddiadau. Pan ddaeth y bwyd roedd y caws yn toddi i'r pasta a'r cig fel cig ifanc, tyner, yn toddi, bron, ar y tafod. Golchodd Robyn y cyfan i lawr â sawl peint o gwrw. Doedd e ddim yn cadw cyfrif.

Yna, un bore ar ôl brecwast o uwed a siwgr ac wyth tocyn o dost yn nofio mewn menyn a chwech sleisen o facwn, a selsig a thri wy a bara wedi'i ffrio a thri chwpaned o goffi hufennog â phum llwyaid o siwgr ymhob un ohonynt, cusannodd Robyn ei fam ar ei boch â'i fwstas gwlyb gan ddweud:

- Ta ta, Mam. Dw i'n mynd i'r swyddfa nawr. Fe wela i di heno.
- Ta ta, fy neiamwnt, meddai'i fam.
Ond daeth Robyn yn ôl yn syth.
- Beth sy'n bod, deryn bach? gofynnodd ei fam.
- Alla i ddim mynd i'r swyddfa heddi, Mam.
- Pam fy ngheiriosyn bach? Dwyt ti ddim yn dost nag wyt ti?
- Nag ydw, ond alla i ddim mynd heddi.
- Wel, gwêd pam, fy nhrysor i.
- Alla i ddim mynd mewn i'r car. Mae'n rhy fach.
- Paid â phoeni, meddai'i fam, aros di yma 'da fi.
Yna cafodd y ddau bryd o fwyd.

Children should be taught sun safety in schools

Cancer experts have called for children to be taught about sun safety. A recent report reveals almost 40% of pupils have suffered sunburn while at school.

Skin Cancer UK says that just 1p per person is currently being spent on sun awareness campaigns. It wants the government to introduce a policy on sun safety guidance for schools.

Richard Clifford of Skin Cancer UK said, “Children who are over-exposed to the sun will have problems for the future. It is therefore important to encourage the use of sun cream to reduce the risk.”

A hospital consultant says that girls know more of the dangers of sunburn than boys. Girls still want a suntan because a tan is considered as being healthy and beautiful. Boys, however, do not know about the risks and are out playing football, cricket and taking their shirts off in the sun. They also want to look good with their suntan.

The consultant adds that schools should play a part in educating children about the sun. Schools should be encouraged to provide sheltered areas in playgrounds and allow children to wear hats during breaktime. Children should be allowed to use sun cream. Teachers should be able to help them to do that.

Evidence shows that sunburn as a child doubles the risk of developing skin cancer later in life. Children must be protected from the sun especially in the middle of the day during the summer. A child’s skin is delicate and easily damaged by the sun.

The Welsh Assembly Government is campaigning to educate people about the risk of skin cancer and enjoying the sun sensibly.
