## Unit 2 Financial and Management Accounting

Thursday 22 May 2014 1.30 pm to 3.00 pm

**For this paper you must have:**

- a calculator.

### Time allowed

- 1 hour 30 minutes

### Instructions

- Use black ink or black ball-point pen.
- Fill in the boxes at the top of this page.
- Answer **all** questions.
- You must answer the questions in the spaces provided. Do not write outside the box around each page or on blank pages.
- All workings must be shown and clearly labelled; otherwise marks for method may be lost.
- Do all rough work in this book. Cross through any work you do not want to be marked.

### Information

- The marks for questions are shown in brackets.
- The maximum mark for this paper is 80.
- Four of these marks will be awarded for:
  - using good English
  - organising information clearly
  - using specialist vocabulary where appropriate.

Mo is concerned about the cash flow of his business. He is able to provide the following information to assist in the preparation of a cash budget.

|                               | <b>May<br/>2014</b> | <b>June<br/>2014</b> | <b>July<br/>2014</b> | <b>August<br/>2014</b> | <b>September<br/>2014</b> |
|-------------------------------|---------------------|----------------------|----------------------|------------------------|---------------------------|
|                               | <b>£</b>            | <b>£</b>             | <b>£</b>             | <b>£</b>               | <b>£</b>                  |
| Sales                         | 12 000              | 15 000               | 18 000               | 15 000                 | 12 000                    |
| Purchases of goods for resale | 6 000               | 7 000                | 8 000                | 8 500                  | 9 000                     |
| Overheads                     | 6 500               | 6 800                | 7 100                | 7 500                  | 8 240                     |

- All sales are on credit. It is expected that 40% of customers will take advantage of the cash discount of 2.5% that Mo offers and will pay in the month of sale. Of the remaining 60%, it is expected that half will pay in the month after sale and the remainder will pay two months after sale.
- One supplier of Mo's purchases of goods for resale demands that he pay cash immediately. This supplier accounts for 10% of purchases. The other suppliers are paid one month after the purchase has taken place.
- Overheads are paid in the month they are incurred.
- Mo intends to pay for non-current assets costing £10 800 in September 2014.
- Mo will take cash drawings from the business equal to 10% of the total cash received that month. However, this will never be less than £1500.
- He expects his bank balance to be £6860 on 30 June 2014.

The accountant of Weirwolf plc has begun preparing the financial statements for the year ended 30 April 2014. However, she is absent from work due to illness and you have been asked to complete the income statement on page 7 and the statement of changes in equity on page 9.

The balances remaining in the books of account at 30 April 2014, following the preparation of the first part of the income statement, are shown below.

|   | £         |
|---|-----------|
| 6% Debentures 2024–26                     | 600 000   |
| Cash at bank                              | 6 840     |
| Debenture interest                        | 36 000    |
| Depreciation charge for the year          | 257 780   |
| Directors' remuneration                   | 240 000   |
| Interim dividend paid on 31 July 2013     | 120 000   |
| Inventory                                 | 98 240    |
| Non-current assets at cost                | 1 478 000 |
| Ordinary shares of 20p each               | 1 200 000 |
| Provision for depreciation                | 446 880   |
| Retained earnings                         | 876 590   |
| Share premium                             | 300 000   |
| Taxation for the year ended 30 April 2014 | 107 788   |
| Trade payables                            | 89 309    |
| Trade receivables                         | 238 000   |

### **Additional information**

**The following have not been recorded in the books of account.**

On 1 April, the Directors made a rights issue of ordinary shares. The issue was made on the basis of 1 new share for every 3 existing shares held, at a price of 35p per share. The issue was fully subscribed.

On 30 April, the Directors paid the final dividend of 2p per share. The dividend was paid on all shares in issue at that date.

**2 (b)** Prepare the statement of changes in equity for the year ended 30 April 2014, using the table below.

**[16 marks]**

**[includes 2 marks for quality of presentation]**

Andy is the owner of a removal business called Murraymovers. The business owns several motor vans that are used to move furniture.

**Extract from the balance sheet of Murraymovers at 31 December 2012**

|            | <b>Cost</b> | <b>Depreciation<br/>to date</b> | <b>Net book<br/>value</b> |
|------------|-------------|---------------------------------|---------------------------|
|            | <b>£</b>    | <b>£</b>                        | <b>£</b>                  |
| Motor vans | 90 000      | 30 000                          | 60 000                    |

During the year ended 31 December 2013 Andy purchased three motor vans in a part-exchange arrangement agreed with Robson Motors. The details are as follows.

- Andy purchased three new motor vans at a total cost of £45 000.
- He part-exchanged three old motor vans that had originally cost £27 000 in total and had a net book value of £12 000.
- He paid the balance owing for the new motor vans with a cheque for £35 000.

It is Andy's policy to provide a full year's depreciation in the year of acquisition and none in the year of disposal. Depreciation is provided at the rate of  $33\frac{1}{3}\%$  per annum using the reducing-balance method.

- 3 (a)** Prepare the motor vans at cost, provision for depreciation of motor vans, and the disposal of motor vans accounts, as they would appear after the preparation of the financial statements at 31 December 2013.

[15 marks]

The Directors of Pendgard Ltd are concerned that their business is not performing as well as others in their industry. In particular, they believe that the business is not as profitable as its competitors. They have decided to carry out a performance appraisal using financial ratios. They have obtained the industry average ratios which are based on financial statements up to and including the year ended 31 December 2013. They have also calculated the comparable ratios for Pendgard Ltd based on the financial statements for the year ended 31 March 2014.

| Ratio                          | Pendgard Ltd | Industry average |
|--------------------------------|--------------|------------------|
| Gross profit margin            | 20%          | 25%              |
| Profit in relation to turnover | 5%           | 7.5%             |
| Return on capital employed     | 2.5%         | 4%               |

**4 (a)** Assess, using only the ratios given, whether the Directors are correct in their belief that Pendgard Ltd is less profitable than its competitors.
