

Mark Scheme (Results)

June 2011

GCE Applied Business (6925) Paper 01 Edexcel is one of the leading examining and awarding bodies in the UK and throughout the world. We provide a wide range of qualifications including academic, vocational, occupational and specific programmes for employers.

Through a network of UK and overseas offices, Edexcel's centres receive the support they need to help them deliver their education and training programmes to learners.

For further information, please call our GCE line on 0844 576 0025, our GCSE team on 0844 576 0027, or visit our website at www.edexcel.com.

If you have any subject specific questions about the content of this Mark Scheme that require the help of a subject specialist, you may find our **Ask**The Expert email service helpful.

Ask The Expert can be accessed online at the following link: http://www.edexcel.com/Aboutus/contact-us/

Alternatively, you can contact our Business studies Advisor directly by sending an email to Business studies specialist on BusinessSubjectAdvisor@EdexcelExperts.co.uk.

You can also telephone 0844 372 2187 to speak to a member of our subject advisor team.

General Marking Guidance

- All candidates must receive the same treatment. Examiners must mark the first candidate in exactly the same way as they mark the last.
- Mark schemes should be applied positively. Candidates must be rewarded for what they have shown they can do rather than penalised for omissions.
- Examiners should mark according to the mark scheme not according to their perception of where the grade boundaries may lie.
- There is no ceiling on achievement. All marks on the mark scheme should be used appropriately.
- All the marks on the mark scheme are designed to be awarded. Examiners should always award full marks if deserved, i.e. if the answer matches the mark scheme. Examiners should also be prepared to award zero marks if the candidate's response is not worthy of credit according to the mark scheme.
- Where some judgement is required, mark schemes will provide the principles by which marks will be awarded and exemplification may be limited.
- When examiners are in doubt regarding the application of the mark scheme to a candidate's response, the team leader must be consulted.
- Crossed out work should be marked UNLESS the candidate has replaced it with an alternative response

For all questions, accept any reasonable answer if it is correct

Question Number	Exemplar Responses	Mark Allocation
1(a)	 Micro relates to elements the business has control over whereas macro relates to external influences 	1 mark for showing
<u>AO1</u>	 Coldplay decided when to release the 	understanding
MB1 = 1	album/how to release it – this was their decision	of the terms
MB2 = 1	because they were the artists who had created the album – the possibility of releasing it through the	(may be implied)
<u>AO2</u>	Internet was part of the macro environment – this	
MB1 = 2	had been created by people/businesses other than	1 mark for
MB2 = 1	Coldplay.	identifying micro feature in context
		1 mark why
		this was from
		the micro
		environment
		1 mark for identifying
		macro feature
		in context
		1 mark for
		why this was
		from the
		macro
		environment
		(5 marks)

Question Number	Exemplar Responses	Mark Allocation
1(b)	 People could still share/copy downloads with/for friends – the files will then be on their systems – 	1 mark for constraint
AO2 MB3 = 1	this means people could make illegal copies – Coldplay would not then be able to assess how many copies could have been sold if no illegal	(maximum 2 marks)
AO3 MB1 = 1 MB2 = 1	copies could be made – this would make it difficult/impossible to measure how effective the new method could have been – however, the	1 mark for why it came from the new
MB3 = 1 <u>AO4</u>	 same would be true of selling CDs – these can also be copied. The CD was later released through music retailers 	method (maximum 2 marks)
MB1 = 1 MB2 = 1 MB3 = 1	 some customers may have wanted the actual CD – the digital release did not provide customers with an actual CD – some customers may have downloaded the album and bought the CD – Coldplay would not know how many people waited/how many people downloaded and bought the album – the CD was released in the stores later – Coldplay could still assess the initial effect of the new method. 	1 mark for how it would negatively affect assessing effectiveness (maximum 2 marks)
		1 mark for why effectiveness could still be assessed (maximum 2 marks)
		(7 marks)

Number		Indicative content	
Q2		A PESTLE analysis looks at external factors that affect	
Q2		businesses (1) – Figure 1 shows the effects of legal	
AC	01	changes (1) – it also shows the effects of	
MB1		technological/social changes (1) – Digital Economy Act will	
MB2	= 1	make the downloading of music without	
		permission/payment illegal (2) - the Internet provides the	
AC		technical opportunity to download/stream music (2) –	
MB1	= 2	makes it possible for the music industry to sell CDs and sell	
		in digital form (2) – the legal protection will encourage	
AC		music firms to uses the Internet to sell more singles and	
MB1 MB2		albums (3) – the technology mean that more music will be	
IVIDZ	= 2	sold through customers copying music themselves rather than the business producing physical CDs (3) – distribution	
AC	14	will be direct to consumers and less sold through retailers	
MB1		(3) – the effect of the new technology will be/is very	
MB2		significant with over 98% of singles now sold this way (4) –	
		the new law will also help to prevent illegal file sharing	
		which had been as high as 42% in 2007 (4).	
		Note: Candidates may also develop answers based on changes	
		in social attitude to illegal downloading and to the way that	
		music is accessed.

3(b)	See Figure 3 below.	1 mark for labelling of
AO2 MB1 = 1	Product Life Cycle for very successful album	axes
AO2 MB2 = 1 MB3 = 1 AO3 MB1 = 1 MB2 = 1	Sales/ Revenue A Maturity/Saturation Decline	1 mark for launch from high positive point on the vertical axis 1 mark for Growth A to B
MB3 = 1	Time/months	1 mark for maturity/ saturation B to C 1 mark for decline C to D
		1 mark for labelling stages of PLC
		(6 marks)

Question	Exemplar Responses	Mark
Number		Allocation
3(c)	 A strategy that will continue the sales of the 	1 mark for
	product – release the album with additional tracks	understanding
<u>AO1</u>	 would be a slightly different product from the 	of term (may
MB1 = 1	original - dedicated fans will want the fuller	be implied)
	version and may buy another copy.	, ,
<u>AO2</u>	 A strategy that will stop the decline of sales – set 	1 mark for
MB1 = 1	up a tour to promote the album – may increase	strategy
	the target market as more people hear the music	
AO4	live – albums could be on sale at the gigs which	1 mark for
MB1 = 1	would increase demand as people have just heard	how it would
MB2 = 1	the music live.	extend the plc
		'
	(Note: There will be a wide range of suitable	1 mark for
	strategies)	justification of
		why it would
		be suitable
		for this
		product
		(4 marks)

Question Number	Exemplar Responses	Mark Allocation
AO1 MB2 = 1 MB3 = 1	The stages product go through from producer to consumer – did go from producer via retailer to consumer, now goes from producer direct to consumer via the Internet – original promotion would have included persuading retailer to stock	1 mark for understanding of term (may be implied)
AO2 MB2 = 1 MB3 = 1	the CDs – now direct communication to the consumer will be necessary/communication through the Internet/general promotions through television, magazines, etc. – people buying off the Internet will not visit retail shop to buy CDs – will	1 mark for identification of the change in the channel
AO3 MB2 = 1 MB3 = 1	not know about them unless a direct form of promotion is used.	1 mark for likely original method of promotion
		1 mark for change in method of promotion
		1 mark for why that change is necessary

	(maximum 2 marks)
	(6 marks)

Question Number	Exemplar Responses	Mark Allocation
5(a)	 Market development – same product in a new 	1 mark for
	market – the music has already been produced for	the part
<u>AO1</u>	CDs, etc – the use in TV adverts, etc will be a new	
MB1 = 1	market for many of the artists.	1 mark for
		reference to
<u>AO2</u>	(Note: It is possible for candidates to argue other	the basic
MB1 = 2	sections, e.g., market penetration if they argue this	requirements
MB2 = 1	is something the business already does.)	of that
		section
		1 mark for why the product is the same
		1 mark for why the market is new
		(4 marks)

Question Number	Exemplar Responses	Mark Allocation
5(b)	The name of the artist may not appear on the advertisement – this will be background music to	1 mark for basic reason
<u>AO2</u>	the advertisement – if people do not know the	(maximum 2
MB1 = 1	artist they will not know whose music to buy if	marks)
MB1 = 1	they like it.	
	Advertisements are usually very short – only part	1 mark for
<u>AO4</u>	of the artist's music will be played – this may not	why the
MB1 = 1	be enough to encourage people to buy it.	licensing
	 The advertisement/film/game may not appeal to people – the music will be associated with where it 	causes this
	is heard – this could create negative images for	1 mark for
	the artist.	how that will
		lessen
		promotion of
		the artist
		(3 marks)

Question Number	Exemplar Responses	Mark Allocation
6(a)	Gives demographic, social and activity data of fans	1 mark for
	<u>Demographic</u>	the what the
<u>AO1</u>	 Demographic data will give details of age, gender, 	dashboard
MB1 = 2	location of fans – would help <i>Hive Music</i> use	offers
	advertising that would appeal to the specific	
<u>AO2</u>	age/gender groups – and where advertisements	1 mark for
MB1 = 2	should be placed.	what data
MB2 = 1	<u>Social</u>	would be
	 Social data will give details on lifestyle, attitudes 	included
<u>AO3</u>	and opinions – would help <i>Hive Music</i> to match the	(maximum 2
MB1 = 1	type of music these people download to the	marks)
	lifestyle, etc, and offer them similar music – could	
<u>AO4</u>	use distribution channel such as ITunes.	1 mark for
MB1 = 1	<u>Activity</u>	how that
	Activity data will give details of how fans occupy	would help
	themselves in their free time – could help <i>Hive</i>	the marketing
	Music when deciding where to advertise its	(maximum 4
	artists/where its artists should perform when on	marks)
	tour – could advertise through social network	,
	sites.	
		(7 marks)

Question Number	Exemplar Responses	Mark Allocation
6(b) AO2 MB1 = 1 MB1 = 1 MB3 = 1 AO4 MB1 = 1	Do you buy CDs of music produced by <i>Hive Music</i> in retail outlets? – the object of the questionnaire is to build up a profile of customers who still buy CDs in retail outlets – <i>Hive Music</i> also wants to question its customers – if respondents answer no to this question time and cost will not be wasted continuing with the questionnaire.	1 mark for example 1 mark how that question relates to what <i>Hive Music</i> wants to find out (maximum 2 marks)
		1 mark for how this will make the questionnaire more cost/time effective (maximum 2 marks) (4 marks)

Question		Indicative content
Number		Indicative content
Q6(c)		Simple random sampling is when all people in the sampling
AO1 MB1 = 1 MB2 = 1 MB3 = 1 AO2 MB1 = 1 MB2 = 1 AO3 MB1 = 1 MB2 = 1 AO4 MB1 = 1		frame have an equal chance of being selected (1) – cluster sampling is when the sampling is carried out in selected locations/a few groups of many possible groups in the sample frame (1) – quota sampling is when set numbers of people are questioned who have specific characteristics (1) – <i>Hive Music</i> needs to find out if its customers are still buying CDs from retailers (2) – it is also carrying out the survey in the street (2) – this would make a simple random sample very difficult to carry out (3) – people stopped may not be buying <i>Hive Music's</i> products/may not have bought any CDs (3) – quota sampling will mean only those people in the selected quota will be asked the questionnaire/rest of the questionnaire (3) – cluster sampling would have the benefit that the survey could be carried out where sales records show most of <i>Hive Music's</i> CDs are sold (3) – using quota or cluster would save time and cost for the business (4) – using quota sampling in specific clusters is likely to produce the
	2 = 1 3 = 2	most accurate results with a survey of just 2,000 people (4).
Level	Mark	Descriptor
0	0	later the state of
		No rewardable material
Level 1	1 – 3 marks	No rewardable material Candidates show understanding of the types of sampling listed (may be implied). At the top end candidates should show understanding of all three types. The candidate uses everyday language and the response lacks clarity and organisation and is difficult to comprehend. Spelling, punctuation and the rules of grammar are used with little accuracy.
	1 – 3	Candidates show understanding of the types of sampling listed (may be implied). At the top end candidates should show understanding of all three types. The candidate uses everyday language and the response lacks clarity and organisation and is difficult to comprehend. Spelling, punctuation and the rules of grammar are used with little accuracy. Recognition of the need to weigh up the types with reference to the objectives of the survey and that this will be carried out as a street survey. The candidate uses everyday language and the response
