### Assessment Objective 1 (A01): Practical capability in applying ICT (up to 21 marks)

Row	1 mark	2 marks	3 marks	Marks
1	Candidate has produced sample artwork incorporating either bit map or vector images.	Candidate has produced sample artwork incorporating both bit map and vector images.	Candidate has produced annotated sample artwork incorporating both bit map and vector images.	
2	Candidate's sample artwork shows some use of software facilities available in one software package.	Candidate's sample artwork shows use of a variety of software facilities in two or more software packages.	Candidate's sample artwork shows use of a wide variety of software facilities in two or more software packages.	
3	Candidate's sample artwork shows some use of devices for capturing or developing images.	Candidate's sample artwork shows good use of devices for capturing or developing images.	Candidate's sample artwork shows good use of several devices for capturing or developing images.	
4	Candidate has produced a limited presentation of sample artwork for the client.	Candidate has produced a presentation of sample artwork for the client that shows how the ICT facilities available can be used.	Candidate has produced a presentation of sample artwork for the client that is well documented and explains how the ICT facilities available can be used.	
5	Candidate has produced a final design that could not be implemented accurately by a third party to meet the client needs.	Candidate has produced a final design that could be implemented by a third party, with some guidance, to meet the client needs.	Candidate has produced a final design that could be independently implemented by a third party to meet the client needs.	

Row	1 mark	2 marks	3 marks	Marks
6	Candidate has provided some evidence of the final artwork produced.	Candidate has provided clear evidence of the final implementation of the artwork produced.	Candidate has provided clear evidence of the final implementation of the artwork produced, annotated to identify the software facilities used.	
7	Candidate has saved files of computer artwork in a variety of formats.	Candidate has saved files of computer artwork in formats that are suitable for the purpose.	Candidate has explained the suitability of the formats they have used for saving files of computer artwork.	

**Assessment Objective 2 (A02): Knowledge and understanding of ICT systems and their roles in organisations and society (up to 14 marks)**

Row	1 mark	2 marks	3 marks	Marks
1	Candidate has attempted to describe the organisation / background relating to the client.	Candidate has described the organisation / background relating to the client.	Candidate has fully described the organisation / background relating to the client.	
2	Candidate has produced notes from a briefing by the client.	Candidate has produced a description of the task following a briefing by the client.		
3	Candidate has stated the client needs.	Candidate has fully described the client needs.	Candidate has fully described and shown understanding of the client needs by producing a detailed description of the required solution.	
4	Candidate has stated hardware that will be used to produce the artwork.	Candidate has described hardware that will be used to meet the client needs.	Candidate has described, and justified, hardware that will be used to meet the client needs.	
5	Candidate has stated software that will be used to produce the artwork.	Candidate has described software that will be used to meet the client needs.	Candidate has described, and justified, software that will be used to meet the client needs.	

**Assessment Objective 3 (A03): Apply knowledge, skills and understanding to produce solutions to ICT problems (up to 21 marks)**

Row	1 mark	2 marks	3 marks	4 marks	Marks
1	Candidate has produced outline sketches of initial designs, for client approval.	Candidate has produced annotated outline sketches of initial designs, for client approval.	Candidate has produced detailed annotated designs and sketches showing where information is to be placed in the finished artwork.	Candidate has produced, detailed annotated designs and sketches clearly showing layout and content of the finished artwork.	
2	Candidate has produced designs of artwork that are not to scale or actual size, making it difficult for the client to visualise the finished artwork.	Candidate has produced designs of artwork that are to accurate scale or actual size, allowing the client to visualise the finished artwork.			
3	Candidate has attempted to plan how the finished artwork will be produced.	Candidate has planned how the finished artwork will be produced.	Candidate has planned, in detail, how the finished artwork will be produced.	Candidate has also explained how this will meet the client needs.	
4	Candidate has described images that need to be captured, for use in the artwork.	Candidate has described images that need to be captured, for use in the artwork, and related these to client needs.	Candidate has described and justified images to be captured, for use in the artwork, and related these to the client needs.		
5	Candidate has attempted to describe the editing that will be required to produce the finished artwork.	Candidate has described the editing that will be required to produce the finished artwork.	Candidate has described and justified the editing that will be required to produce the finished artwork.	Candidate has described and justified the editing that will be required to produce the finished artwork and related these to the client needs.	
6	Candidate has attempted to identify changes made to the final designs during implementation.	Candidate has identified changes made to the final designs during implementation.	Candidate has annotated copies of their final designs, identifying changes made to them during implementation.	Candidate has also explained how these changes meet the client needs.	

**Assessment Objective 4 (A04): Evaluate ICT solutions and own performance (up to 14 marks)**

Row	1 mark	2 marks	3 marks	Marks
1	Candidate has provided a brief description of actions taken to solve the problem.	Candidate has described actions taken to solve the problem.	Candidate has clearly described actions taken to solve the problem and has shown a clear understanding of what they have done and why.	
2	Candidate has provided limited evidence of time management or planning.	Candidate has provided some evidence of time management and planning. They have met some deadlines and have shown that they understand the need to monitor their progress.	Candidate has provided strong evidence of time management and planning, fully monitored their progress and met deadlines. Reasons for any missed deadlines have been explained.	
3	Candidate has provided some evaluation criteria for the solution and has carried out some testing.	Candidate has provided both qualitative and quantitative evaluation criteria, some of which are appropriate to assess if the client needs have been met. They have tested the solution against the criteria.	Candidate has identified qualitative and quantitative evaluation criteria that are appropriate for assessing whether client needs have been met and testing takes full account of the evaluation criteria.	
4	Candidate has attempted to evaluate their solution.	Candidate has evaluated their solution and identified some strengths, weaknesses and areas for improvement.	Candidate has evaluated their solution and successfully identified strengths, weaknesses and areas for improvement. Candidate has drawn meaningful conclusions and makes appropriate changes to the solution as a result.	
5	Candidate has used written expression that is adequate to convey intended meaning.	Candidate has used written expression which is suitable in form and style of writing to convey intended meaning within complex subject matter.
