## Sample Assignment: Unit 13 Artwork and Imaging

---

### ASSIGNMENT 2 – GYM LAUNCH

This assignment will allow you to meet all of the assessment requirements for Unit 13: Artwork and Imaging. You should look at the Assessment Evidence Grid to check what you need to demonstrate in each task to achieve each mark band.

#### Introduction

This assignment is in two parts. Part A requires you to produce a portfolio of images demonstrating your artwork skill and Part B requires you to produce graphic image solutions in response to a client brief.

#### Part A

You should use graphics software to produce and edit a range of images. The initial choice of what images is yours, but your portfolio should include examples of having used a range of advanced editing and manipulation tools in order to produce different means of presenting the same final images. You do not have to use the whole range of tools in producing each image, but your final portfolio of work as a whole should evidence the range of skills you have learnt whilst studying this unit.

#### Part B

##### Brief

- The owners of a local gym require a launch package and advance publicity materials for a new swimming pool they are planning. They require you to produce:
- Images to be used in a brochure aimed at attracting young people to join the gym
- A poster advertising the launch party
- Plans showing where the pool is to be sited, artist's impressions of the new pool and images showing how the finished pool will fit in with the current buildings and other facilities.
