MARK SCHEME for the October/November 2010 question paper

for the guidance of teachers

9700 BIOLOGY

9700/31

Paper 31 (Advanced Practical Skills 1), maximum raw mark 40

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

• CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the October/November 2010 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

| | GCE A LEVEL – October/November 2010 | 9700 | 31 |

| Q | uestion | | Expected Answers | Marks | Additional Guidance |
|---------------------|---------------|--|---|-------|---------------------|
| 1 (a) | (i) Prepare t | he space below and re | · | [6] | |
| | 1. | table with all cells drawn | AND heading (top or left) surface area/cm ² or length/mm; | [1] | |
| PDO recording 2 | 2. | Reject if units in body of t or T additional column | - | | |
| | | (heading) time with units; | | [1] | |
| MMO collection 2 | 3. | collects data as times | for all four pieces of potato; | [1] | |
| Collec | 4. | (A) recorded time diffe | erent from other pieces; | [1] | |
| ions 2 | 5. | Reject units must be clear so | 1.2 or 1:2 must have min and s or secs | | |
| 10 decisions | | records all times corre UNITS must be clear | ectly as whole seconds or minutes with seconds; somewhere | [1] | |
| ОММ | 6. | replicate recorded; | | [1] | |

| (| ii) Identify | two significant sources of e | rror in your investigation. | | [2] |
|--------------------------|--------------|---|--|---------|---------------|
| | | Reject temperature | | | |
| | | Cause of error | Error | | |
| | | (dependent) | | | |
| | 1. | timing /dropping/distance long pieces of potato | not accurate/delayed/different; | | |
| ACE interpretation MAX 2 | 2. | ora shorter pieces | different height to top there is shorter distance to surface longer distance to surface; | | |
| | 3. | (pieces of) potato | stick to sides/bottom of tube don't sink to bottom; | [max 1] | |
| | 4. | (standardised variables) potato or position in potato or age or storage | not same different/variety old; | | |
| | 5. | water left on potato | not same/different; | | |
| | 6. | (test)-tubes | not same size/height; | | |
| | 7. | hydrogen peroxide | concentration changes/decreases evaporates/degenerates/breaksdown; | [max 1] | |
| | 8. | (independent variable) lengths/size/surface areas/volumes | not same different vary; | [max 1] | max 2 overall |
