Scientific article for use with Question 7

### Notice to Centres

Please ensure that the teacher responsible for the teaching of 6BI05/01 is aware of this clarification.

On page 3, paragraph six currently reads:

Researchers at the biotech company Chiron in Emeryville, California, reported similar results in a 1998 trial that used AAVs to deliver the epo gene to two.

It should read:

Researchers at the biotech company Chiron in Emeryville, California, reported similar results in a 1998 trial that used AAVs to deliver the epo gene to two baboons.
