#### **Evidence A – Cebu Home**

Maria Rogers has worked hard to establish her business, Cebu Home, 'to bring original, beautiful and unique furniture to homes in Islington, London'. Cebu Home is in Arlington Way with a number of luxury independent boutiques and, importantly, the Sadlers Wells Theatre. Visitors to the Theatre form a significant core of Maria's customers and help to explain the business' unusual opening times of 3pm to 7pm, Monday to Friday.

Cebu Home is named after a stunning island in the Philippines, renowned for its idyllic beaches and chilly mountains. Cebu is a place of impeccable craftsmanship and innovative design. The production of mahogany furniture is the focus of industry on the island, which exports worldwide. Maria imports this high quality designer furniture at affordable prices.

Cebu Home's furniture collection contains both classic and contemporary pieces made with local materials and fabrics from Philippine markets. The furniture and homewares are unlike those often found in the UK, due to both innovative design and the use of traditional materials such as walnut, mahogany and pearl.

Maria's business also has utmost respect for the environment, recycling where possible and only providing packaging by customer request. Furniture is hand-made with mahogany from sustainable forests in the Philippines. Cebu Home abides by the CITES (Convention on International Trade in Endangered Species) agreement which ensures that the survival of wild plants and animals is not threatened by trade.

Maria's business thrives because of her natural entrepreneurial characteristics and motivation to succeed. Family and social values are central to all design, manufacture and supply processes. Furthermore, Cebu Home ensures that its products are manufactured without child labour and that fair wages are paid to workers.
