## CHEMISTRY

## GCE Advanced Level and GCE Advanced Subsidiary Level

Grade thresholds taken for Syllabus 9701 (Chemistry) in the May/June 2009 examination.

|              | maximum<br>mark<br>available | minimum mark required for grade: |    |    |
|--------------|------------------------------|----------------------------------|----|----|
|              |                              | A                                | В  | E  |
| Component 1  | 40                           | 30                               | 26 | 15 |
| Component 21 | 60                           | 42                               | 35 | 18 |
| Component 22 | 60                           | 42                               | 35 | 18 |
| Component 31 | 40                           | 27                               | 24 | 15 |
| Component 32 | 40                           | 27                               | 24 | 15 |
| Component 4  | 100                          | 65                               | 54 | 30 |
| Component 5  | 30                           | 18                               | 15 | 10 |

The thresholds (minimum marks) for Grades C and D are normally set by dividing the mark range between the B and the E thresholds into three. For example, if the difference between the B and the E threshold is 24 marks, the C threshold is set 8 marks below the B threshold and the D threshold is set another 8 marks down. If dividing the interval by three results in a fraction of a mark, then the threshold is normally rounded down.

Grade Thresholds are published for all GCE A/AS and IGCSE subjects where a corresponding mark scheme is available.
