

GCE 2008 Drama and Theatre Studies

How might your candidates' journey through the new GCE 2008 Drama and Theatre Studies specification differ to that taken through the old specification?

The GCE standard -	all units are assessed at the GCE standard, despite them being offered in different examination series
Calculating results -	students results from each series will be saved and their best possible results for each unit will count towards their final grade

Below are examples of how your candidates' experience of the new specification will differ to that of the old

Please note: this example is not a recommendation of how the course should be sat or the number of hours required to deliver the course but an example of one of the ways that a student may approach the qualification.
