Information for completing this form

The assessment for this Unit should be carried out according to the instructions and information given in the **Specification** and in the **Assessment Guidelines** for this Unit. A summary of the method is given below.

One form should be used for each candidate.

In carrying out assessments and recording outcomes Centres should particularly bear in mind the following:

Length of folders

Please note that the **maximum figure of 3000 words at A2** is a limitation required by QCA, and so **no folder must be submitted which exceeds this length**. If a folder exceeds this limit, Centres are instructed to assess only the first 3000 words. A comment must appear on the Cover Sheet to indicate that this has been done.

Teacher marks and comments

All folders must show evidence of assessment and should include **on the Cover Sheet:**

- The final, internally assessed **mark out of 60**
- A **summative comment** that helps explain the initial mark which has been given. Wherever possible, this should be expressed in terms which relate to the descriptions for coursework mark bands and quality of written communication.

In addition, further annotation and comment – often directed at the candidate and shown in the body of the work – are encouraged and each centre will apply its own practice in this respect.

Word processing

There is no requirement for any item of coursework to be handwritten.

Summary of assessment method for this unit

The AOs assessed for this Unit are AO1, 2ii, 3ii, 4 and 5. AO5 is dominant.

Use the coursework band descriptions to place the work in the appropriate Band ('best fit'). Then refer again to AO 5 as the dominant AO to adjust within the band and so determine a final mark out of 60.
