

## Summary of differences from Specimen Paper Unit 2655 (Listening, Reading and Writing 2)

### All passages remain the same

#### Section A

- Tâche 1** (tick 8 statements) has been replaced by a grid-completion exercise.
- Tâche 2** (Q/A in French) The test-type remains the same, but amendments have been made to some of the questions
- Two items of vocabulary have been glossed.

#### Section B

- Tâche 3** The format of this question has been changed slightly and some of the statements have been amended.
- Tâche 4** 'Pas mentionnée' category has been added. Some of the statements have been amended.
- Tâche 5** The format remains the same but some of the definitions have been changed or amended
- Tâche 6** The Q/A exercise has been changed from 'answer in French' to 'answer in English' and the number of marks reduced.
- Tâche 7** (sentence-completion) has been added. This question will now form the basis for the assessment of quality of language in Section B for the specimen paper.

#### Section C

The questions have not changed, but it is important to note that grid 5C must be used to assess the answer, which is not therefore marked initially out of 20 and divided by 2
