 - (a) To provide a scenario with which all students can become familiar and study in depth over a period of time prior to the examination.
 - (b) To allow students to answer Section A questions of the INFO3 examination paper by applying their knowledge and understanding of the content of the specification to the context of a particular scenario with which all students will have had the opportunity to become familiar.
 - (c) Candidates will be expected to answer questions by demonstrating their understanding of the pre-release material rather than learning its content by rote.
- 3 It is expected that teachers will ensure every candidate entering INFO3 in the January 2010 series has their own copy of the Candidate Booklet on 1 November 2009 or as soon as possible thereafter.
- 4 Between 1 November and the date of the examination it is expected that teachers will provide advice and guidance to candidates to help them to understand the content of the material during their teaching of INFO3.
