CONTROLLED CONDITIONS

Unit 5 has two elements: Composition and Technical Studies

COMPOSITION

Composition can broadly be divided into two processes, **research and preparation** and **writing**, with only the time spent on the writing part of the process counting towards the maximum 14 hours.

Research and preparation

This includes any work done prior to the writing down of the final version of the composition. This may involve considering the brief, listening to other music, experimenting with suitable melodic or harmonic ideas on guitar or piano, working out rough drafts, and so on.

Research and preparation can be done *outside the centre*. There is no time limit to it. The results can be recorded in writing or electronically. They can be taken in and out of the centre and referred to during controlled writing time. However, the teacher *must* inspect them, and be satisfied that they are the student's own work.

Writing

Broadly, this is when the final score of the piece is produced (either in handwritten form or via a score-writing package such as Sibelius).

Candidates have a **maximum of 14 hours'** writing time for each chosen composition. Writing time will take place inside the centre, either in timetabled lesson times or outside them, as most convenient to all concerned. It must be under supervision by a teacher (not necessarily the music teacher), or a member of the support staff.

Recording the Composition

Compositions must be recorded. The time needed to do this is additional to research and preparation and to writing time. It is suggested that recordings, especially if they are live as opposed to computer-generated, are made before the full allocation of writing time has been used up in case candidates need to make adjustments in the light of a changed view of the result following its performance and recording.

TECHNICAL STUDY

Each chosen technical study must be completed within **3 hours** under controlled conditions and no teacher intervention is permitted during this time. There must be no access to harmony textbooks and no material of any sort may be removed from the classroom. Work must be kept in secure conditions if there is more than one session.

Candidates using keyboards should use headphones. If candidates wish to use computer programs such as Sibelius, they must input all music themselves within the allotted time. *Research and Preparation* is the teaching received, and other work done, prior to the release of the Technical Studies paper.

Declaration Form

Each candidate must sign the declaration form on page 16, stating that the work is his or her own. The teacher must not countersign the declaration if the work does not appear to be the candidate's own.

You must complete **two** tasks – **either** one composition and one technical study **or** two compositions **or** two technical studies.

The technical study tasks from Section B will be available from **Monday 1 April 2013**.

Instrumental and Vocal Requirements

Instrumental and vocal requirements are identified in each of the briefs.

You **must** meet the minimum instrumental (and/or vocal) requirements for each brief.

SECTION A: COMPOSITION

Each brief chosen should result in a coherent piece of music of not less than **three** minutes in length.

You have **14 hours** to complete each composition, all of which must take place under controlled conditions.

Your compositions will be based on **one (or two)** of the following four composition briefs, depending on which combination of composition and technical study you choose. Two of the briefs are related to the area of study *Instrumental Music* and two are related to the area of study *Applied Music*.

Candidates offering **two** compositions must choose one brief from the area of study *Instrumental Music* and one from the area of study *Applied Music*.

Each composition will be marked out of 40.

AREA OF STUDY: INSTRUMENTAL MUSIC

Topic 1: Development and contrast

Composition brief 1

Compose a piece of music based on arch form.

The piece may be in any style.

Use one or more instruments, acoustic and/or amplified and/or synthesised.

(40)

Topic 2: Exploiting instruments

Composition brief 2

Compose a piece of music for an instrument of your choice that might be played to a child to encourage them to take it up. You should exploit the playing techniques and expressive range of the instrument.

You **must** write for an acoustic instrument or an amplified instrument, for example electric guitar or bass.

You may include an accompaniment if you wish.

(40)

AREA OF STUDY: APPLIED MUSIC

Topic 3: Music for film and television

Composition brief 3

Compose a piece of music to go with the trailer for a television wildlife documentary.

You should aim to depict a range of scenes and settings, but you **must** compose a continuous piece of music.

You may write for any voices and/or instruments (acoustic, amplified and/or synthesised).

You are not required to write a detailed commentary, but you **must** include a brief summary of the scenes, either as written cues in the score or in a short preface.

(40)

Topic 4: Music, dance and theatre

Composition brief 4

Compose a piece of music for dance based on a piece of visual art (by an artist living or dead). You **must** give the title of your chosen artwork and the name of the artist. Include a short description of this artwork if it is not widely known.

You may write in any musical style and for any style of dance (for example classical ballet, modern dance or social dance).

You may compose for any instrumental and/or vocal timbres (acoustic and/or amplified and/or synthesised) of your choice.

(40)

(Total for each Composition completed = 40 marks)
