Example

Activity	<i>Swimming</i>
-----------------	-----------------

Candidate Number	Candidate Name	Gender	Event / Skill / Position			Effective Performance /30
			Event / Skill / Position	Critical assessment technique (30)	Performance Assessment (60)	
0462	<i>Natasha Williams</i>	<i>F</i>	<i>Front Crawl</i>	<i>25</i>	<i>51</i>	<i>25</i>

Each event is marked out of a total of 90 raw marks, calculated as follows:

Critical assessment mark (out of 30) + performance assessment mark (out of 60) = mark for stroke.

The total mark for swimming is then calculated as follows:

Mark for stroke

----- = Total mark for swimming
