

Grade Boundaries

Edexcel Advanced Extension

Award (AEA)

June 2013

Understanding Edexcel AEA Grade Boundaries

This document shows the grade boundaries for Advanced Extension Award qualifications.

Advanced Extension Awards are graded Merit or Distinction. If you don't get enough raw marks to achieve a Merit, you will be graded U which means 'Unclassified'.

Definition of terms

A grade boundary is the minimum mark at which a particular grade can be achieved. For example, if the grade boundary for a Merit is 50 marks, then 50 is the minimum mark at which a Merit can be achieved. A mark of 49 would therefore be Unclassified.

A raw mark is the actual mark awarded by the examiner for an assessment. Raw mark scores can be downloaded by Exams Officers from Edexcel Online.

You can find out more about raw marks at www.edexcel.com/results
