May 2005

Dear Susan and Carl

Letter to include following:

Rental of house owned by Susan and Carl -

1. Rental income based on rents accrued less expenses which include rates, insurance, property maintenance, agents letting fees, professional fess
2. If let furnished a claim can be made for renewal of furniture or an annual wear & tear allowance of 10% of gross rents less any payments which are landlord's obligation
3. Improvements to property not allowed against rental income – can be added to cost of property on disposal
4. Interest on loan to purchase property allowed.
5. Will need to apportion income and expenses if rent paid by son less than market rate
6. Rental income classed as investment income – not earned income – so NIC not due -rental income will be taxed as non-savings income – tax due 31 January and 31 July unless less than £2,000 and collected through PAYE coding

Rental of house owned by son -

7. No relief for mortgage interest
8. Son can claim rent-a-room relief if letting out rooms in his own house – gross rental income of up to £4,250 pa exempt

Capital gain on house owned by Susan and Carl

9. CGT due on a gain on disposal or deemed disposal of chargeable asset
10. Gain calculated as proceeds less acquisition cost and taper relief
11. Costs include cost of improvements to property, agents, fees and legal fess of buying & selling
12. Annual exemption of £8,200 deducted from chargeable gain, balance taxed as highest part of income – 20% and/or 40%

Capital gain on house owned by Son

13. Principal Private Residence Relief available – must occupy house for period during ownership
14. PPR is for period of occupation and last three years of ownership
15. The full gain is calculated and then apportioned on basis of qualifying periods to calculate PPR
16. No restriction to PPR if rent-a-room applies

Inheritance Tax

17. IHT charged on reduction in value of estate therefore will only apply if they give son funds to purchase house and are not repaid.
18. Related property rules means assets held by 'related parties' (eg husband and wife) are added together for purposes of valuation
19. PET potentially exempt transfers - exempt if death after 7 years
20. Annual exemptions - £3,000 each for each year, can carry forward unused exemption one year.

Yours sincerely

May 2005

Dear Sharon

Letter to include following:

1. No income tax on difference between cost and market value of shares when option exercised if exercise of option is after five year period for approved SAYE scheme
2. Capital gains tax on difference between cost and disposal proceeds when shares sold.
3. Taper relief available from date option exercised (i.e. date of acquisition of shares).
4. Capital gains tax for Sharon will be £200,000 less £8,200 = £191,800 @ 40% = £76,720 due 31 January 2007
5. Can invest up to £200,000 by subscribing for 'qualifying' shares under the enterprise investment scheme and get income tax relief at 20% (i.e. maximum of £40,000)
6. Relief is given in tax year in which shares purchased, but one-half of amount subscribed before 6 October can be carried back for relief in previous tax year.
7. Shares must be held for minimum of three years or income tax relief clawed back.
8. Can defer gain on shares from share option exercise against subscription for EIS shares within one year before and three years after disposal
9. Gain on EIS shares exempt from CGT if held for three years although deferred gain becomes chargeable.
10. Claim for income tax relief cannot be made until a certificate has been received from the company. Overall time limit is five years from 31 January following tax year in which shares were issued
11. Income tax relief can also be obtained on investment up to £200,000 when subscribing for new ordinary shares in Venture Capital Trust (minimum £500)
12. Income tax relief is 40% for shares issued in 2004/05 and 2005/06.
13. Dividends from ordinary shares in VCT are exempt from tax (provided shares acquired were not more than £200,000 in year)
14. Cannot defer gain on shares from share option exercise against VCT shares if they are issued after 6 April 2004.
15. Gain on disposal of VCT shares subscribed for up to limit of £200,000 per year are exempt from CGT
16. No minimum period VCT shares to be held for gain to be exempt

17. If any disposal of EIS shares within three years income tax relief is withdrawn so claw back of up to £40,000 (assuming maximum invested) depending on amount disposed – disposal after three years – no income tax clawback so saving over period £40,000
18. If disposal within three years CGT on deferred gain and any gain on EIS shares – if after three years gain on EIS shares exempt – deferred gain chargeable unless re-invested in further EIS or VCT shares – potential CGT if no re-investment £80,000 (£200,000 @ 40%)
19. If any disposal of VCT shares within three years income tax relief is withdrawn so claw back of up to £80,000 (assuming maximum invested) depending on amount disposed – disposal after three years – no income tax clawback so saving over period £80,000
20. VCT shares exempt from CGT – no minimum period – but no deferred gain so original gain chargeable £80,000 (£200,000 @ 40%) for year of disposal although covered by income tax saving on VCT investment

Yours sincerely

May 2005

Dear Lynn and Joe

Letter to include following

1. IHT charged on reduction in value of estate – not on market value of gift.
2. Husband and wife have separate estates and there is a nil band each for Joe and Lynn whether or not they remain married.
3. Related property rules means assets held by 'related parties' (e.g. husband and wife) are added together for purposes of valuation. After divorce this does not apply
4. PET potentially exempt transfers - exempt if death after 7 years
5. Transfers between husband and wife exempt – equalise estates – after divorce - spouse exemption and related parties valuation rules no longer applies.
6. Reservation of benefit – if Lynn wishes to live in house owned by husband and receive dividends from shares – the 'ownership' cannot be transferred to the children for IHT purposes
7. Gifts in previous seven years added to value of estate on death so any gifts made now may be included in their estate if they die within seven years.
8. IHT charged at 40% on the balance of the estate over £263,000
9. Annual exemptions - £3,000 each for each year, can carry forward unused exemption one year.
10. Although if Lynn and Joe divorce, they can no longer rely on transfers being exempt as between spouses, they may be exempt if a transfer of property is made either on divorce or later as a variation of the terms for the maintenance of the other party.
11. Gifts in consideration of marriage – children, grandchildren and others – both Lynn and Joe can make gifts to their children of £5,000 each or grandchildren of £2,500 each
12. Small gifts – any gift over £250 is fully chargeable
13. Business property relief due on the shares if owned for more than two years.
14. To obtain BPR asset must be still be owned by donee at time of death of donor if death is within seven years of gift
15. If donee has sold shares during that time, BPR still available if proceeds re-invested into other business property
16. Taper relief available for tax due on gifts within seven years of death if donor survives more than three years from date of gift

17. Other exempt transfers are gifts to charities and political parties, and a gift/transfer which is normal expenditure out of income
18. To minimise IHT Joe and Lynn should equalise estates and give assets not required to maintain current life style
19. Consider gifts direct to grandchildren if children wealthy
20. Consider gifts out of income – habitual, must leave enough income to maintain standard of living.

Yours sincerely
