Important Information

Refer to your research notes from **Part A** to complete **Part B**. You cannot access the internet or any other resource during the supervised assessment period.

You must plan your time and work independently throughout the 2 hours and 30 minutes supervised assessment period.

You will complete **Part B** under supervision and your work will be kept securely during any breaks taken.

You must not share your work with other learners.

Part B

Case study

You are a member of a sailing club that is at the side of a large lake. You are very involved with the club and you are concerned about the decreasing number of members. This decrease could result in the club having to close.

The club has a racing programme for adults only on Wednesday evenings and there are training sessions for juniors (11–18 year olds) on Saturday afternoons.

The sailing club has a clubhouse with changing facilities and a small hall. There is a large car park and a secure area where boats and other equipment are stored. Members pay a yearly fee that allows them to use the facilities, including the lake, and also to use the club's sailing boats. Members can pay an extra fee to keep their own boat at the club. In the summer the club runs a racing tournament and members of other sailing clubs can take part in the tournament.

In the past club members came from local primary schools, secondary schools and a college. There are also other sports clubs nearby.
