6. Translate the following into Balochi:

The Baloch came into Balochistan in three major groups. The first wave settled in Seistan and were called Naroi, followed by Brahui who settled in Turan which is now-a-days called Jhalawan. The last was of Rind. Some say Rind is a Balochi word 'Rand' or 'Randi' meaning the last; the tribe therefore derived its name from the above mentioned word. The Brahui and Baloch lived side by side in Seistan, were still live many Brahui tribes. The late comers penetrated into Sind and the Punjab. The Baloch migration into Sind was in two waves: from Balochistan and from the Punjab.
