Edexcel

Mark Scheme (Results)

Summer 2022

Pearson Edexcel International GCSE  
In Geography (4GE1)  
Paper 2R Human geography

## **Edexcel and BTEC Qualifications**

Edexcel and BTEC qualifications are awarded by Pearson, the UK's largest awarding body. We provide a wide range of qualifications including academic, vocational, occupational and specific programmes for employers. For further information visit our qualifications websites at [www.edexcel.com](http://www.edexcel.com) or [www.btec.co.uk](http://www.btec.co.uk). Alternatively, you can get in touch with us using the details on our contact us page at [www.edexcel.com/contactus](http://www.edexcel.com/contactus).

## **Pearson: helping people progress, everywhere**

Pearson aspires to be the world's leading learning company. Our aim is to help everyone progress in their lives through education. We believe in every kind of learning, for all kinds of people, wherever they are in the world. We've been involved in education for over 150 years, and by working across 70 countries, in 100 languages, we have built an international reputation for our commitment to high standards and raising achievement through innovation in education. Find out more about how we can help you and your students at: [www.pearson.com/uk](http://www.pearson.com/uk)

## General Marking Guidance

- All candidates must receive the same treatment. Examiners must mark the first candidate in exactly the same way as they mark the last.
- Mark schemes should be applied positively. Candidates must be rewarded for what they have shown they can do rather than penalised for omissions.
- Examiners should mark according to the mark scheme not according to their perception of where the grade boundaries may lie.
- There is no ceiling on achievement. All marks on the mark scheme should be used appropriately.
- All the marks on the mark scheme are designed to be awarded. Examiners should always award full marks if deserved, i.e. if the answer matches the mark scheme. Examiners should also be prepared to award zero marks if the candidate's response is not worthy of credit according to the mark scheme.
- Where some judgement is required, mark schemes will provide the principles by which marks will be awarded and exemplification may be limited.
- When examiners are in doubt regarding the application of the mark scheme to a candidate's response, the team leader must be consulted.
- Crossed out work should be marked UNLESS the candidate has replaced it with an alternative response.

Question number	Answer	Mark
<b>1(a)(i)</b>	<p style="text-align: center;"><b>AO1 (1 mark)</b></p> <p>D Burning it releases CO2 (1)</p> <p>The answer cannot be A (refers to oil), B (an advantage), C (incorrect).</p>	<b>(1)</b>

Question number	Answer	Mark
<b>1(a)(ii)</b>	<p style="text-align: center;"><b>AO1 (1 mark)</b></p> <ul style="list-style-type: none"> <li>• Energy produced from resources that cannot be replaced once they are used (1).</li> <li>• Energy produced from fossil fuels (1).</li> </ul> <p>Accept any other appropriate response.</p>	<b>(1)</b>

Question number	Answer	Mark
<b>1(b)</b>	<p style="text-align: center;"><b>AO1 (1 mark)</b></p> <p>D Use more renewable energy (1)</p> <p>It cannot be A, B or C as these would make a factory less sustainable.</p>	<b>(1)</b>

Question number	Answer	Mark
<b>1(c)(i)</b>	<p style="text-align: center;"><b>AO2 (1 mark) / AO3 (1 mark)</b></p> <p>Award 1 mark for basic evidence from the from the photograph (AO3) and a further 1 mark for extension through explanation (AO2), up to a maximum of 2 marks.</p> <ul style="list-style-type: none"> <li>• People are involved in farming which is in the primary sector (1) they are ploughing prior to transplanting (1).</li> </ul>	

	<ul style="list-style-type: none"> <li>• It involves farming (1) and is labour intensive (1).</li> <li>• Primary sector involves extraction of raw materials (1) here they are preparing the land to grow crops (1).</li> </ul> <p>Accept any other appropriate response.</p>	<b>(2)</b>
--	---	------------

Question number	Answer	Mark
<b>1(c)(ii)</b>	<p style="text-align: center;"><b>AO1 (1 mark)</b></p> <p>Award 1 mark for a suitable raw material.</p> <ul style="list-style-type: none"> <li>• Coal/Oil/Gas (1)</li> <li>• Fish (1)</li> <li>• Crops (1)</li> <li>• Timber/Wood (1)</li> </ul> <p>Accept other suitable raw materials.</p>	<b>(1)</b>

Question number	Answer	Mark
<b>1(d)</b>	<p style="text-align: center;"><b>AO2 (2+2 marks)</b></p> <p>Award 1 mark for a reason and a further expansion mark, up to a maximum of 2 marks each.</p> <ul style="list-style-type: none"> <li>• Availability of natural resources (1) if new sources of oil are found then production will continue to go up (1).</li> <li>• If demand shifts to more renewable energy sources (1) then efforts will be made to produce more, leading to less demand for non-renewable sources (1).</li> <li>• Conflict in areas that produce energy resources (1) can lead to disrupted production and lower levels of production overall (1).</li> </ul> <p>Accept any other appropriate response.</p>	<b>(4)</b>

Question number	Answer	Mark
<b>1(e)</b>	<p style="text-align: center;"><b>AO1 (1 mark) / (AO3) 2 marks</b></p> <p>Award 1 mark (AO1) for a basic idea and a further 2 marks (AO3) for extension through use of the resource, up to a maximum of 3 marks.</p> <ul style="list-style-type: none"> <li>• Boserup believed that as the population grew people would always find ways for food production to be higher than needed, (1) as people would invest in new ways to increase food supply (1) e.g. chemical fertilisers to improve yield (1).</li> </ul> <p>Accept any other appropriate response.</p>	<b>(3)</b>

Question number	Answer	Mark
<b>1(f)</b>	<p style="text-align: center;"><b>AO2 (2+2 marks)</b></p> <p>Award 1 mark for each factor and a further expansion mark, up to a maximum of 2 marks each.</p> <ul style="list-style-type: none"> <li>• Good transport facilities (1) to ensure goods produced can reach the market efficiently (1).</li> <li>• Access to reliable supplies of electricity (1) to ensure production of goods is not disrupted (1).</li> <li>• Access to labour force (1) to ensure that there are sufficient workers to enable production (1).</li> <li>• Proximity to raw material (1) as they are heavy to transport (1).</li> <li>• Availability of land (1) as they may need room to expand (1).</li> </ul> <p>Accept any other appropriate response.</p>	<b>(4)</b>

Question number	Indicative content
1 (g)	<p style="text-align: center;"><b>AO3 (4 marks)/AO4 (4 marks)</b></p> <p><b>Marking instructions</b></p> <p>Markers must apply the descriptors in line with the general marking guidance and the qualities outlined in the levels-based mark scheme below.</p> <p><b>Indicative content guidance</b></p> <p>The indicative content below is not prescriptive and candidates are not required to include all of it. Other relevant material not suggested below must also be credited. Relevant points may include:</p> <p><b>AO3</b></p> <ul style="list-style-type: none"> <li>• The employment structure of a country is often related to the development stage of a country.</li> <li>• The change in employment structure according to the Clark Fisher model means countries move to higher proportions of tertiary sector employment in the post-industrial phase, with increasing amounts of tertiary sector employment in the industrial phase while primary and secondary sectors experience relative decline.</li> <li>• Tertiary sector employment involves providing services, this can include commercial (e.g. retail), professional (e.g. legal services), social (e.g. education/healthcare), entertainment (e.g. cinemas) or personal (e.g. hairdressers).</li> <li>• Developing or emerging countries are likely to be in the industrial phase where there is a rise in the tertiary industry, with some moving to the post industrial phase.</li> </ul> <p><b>AO4</b></p> <ul style="list-style-type: none"> <li>• Figure 1c shows the percentage of employment in the tertiary sector for a range of developed, developing and emerging countries.</li> <li>• On Figure 1c it can be seen that developed countries such as Japan have had a high proportion of tertiary sector employment since 1991 with further increases to over 70% by 2019.</li> <li>• Figure 1c shows how some countries such as Cambodia have had a larger increase in the proportion of employment in the tertiary sector since 1991, an increase of around 25 percentage points.</li> <li>• Figure 1c shows that while some countries have experienced a steady increase in tertiary sector employment, others have had</li> </ul>

	more variable rates of change. For example, Egypt which rose until around 2003, had a small decline to 2008 and then slowly increasing again to 2019.	
Level	Mark	Descriptor
	0	No rewardable material.
Level 1	1–3	<ul style="list-style-type: none"> <li>Attempts to apply understanding to deconstruct information but understanding and connections are flawed. An unbalanced or incomplete argument that provides limited synthesis of understanding. Judgements that are supported by limited evidence. (AO3)</li> <li>Uses some geographical skills to obtain information with limited relevance and accuracy, which supports few aspects of the argument. (AO4)</li> </ul>
Level 2	4–6	<ul style="list-style-type: none"> <li>Applies understanding to deconstruct information and provide some logical connections between concepts. An imbalanced argument that synthesises mostly relevant understanding, but not entirely coherently, leading to judgements that are supported by evidence occasionally. (AO3)</li> <li>Uses geographical skills to obtain accurate information that supports some aspects of the argument. (AO4)</li> </ul>
Level 3	7–8	<ul style="list-style-type: none"> <li>Applies understanding to deconstruct information and provide logical connections between concepts throughout. A balanced, well-developed argument that synthesises relevant understanding coherently leading to judgements that are supported by evidence throughout. (AO3)</li> <li>Uses geographical skills to obtain accurate information that supports all aspects of the argument. (AO4)</li> </ul>

Question number	Answer	Mark
<b>2(a) (i)</b>	<p>B Grassland</p> <p>The answer cannot be A (associated with tropical rainforest), C (associated with forests), or D (associated with tundra).</p>	<b>(1)</b>

Question number	Answer	Mark
<b>2(a)(ii)</b>	<p style="text-align: center;"><b>AO1 (1 mark)</b></p> <ul style="list-style-type: none"> <li>• A community of plants and animals that interact with each other and their physical environment.</li> </ul> <p>Accept any other appropriate responses.</p>	<b>(1)</b>

Question number	Answer	Mark
<b>2(b)</b>	<p style="text-align: center;"><b>AO1 (1 mark)</b></p> <p>B plants with DNA that has been changed to increase yield.</p> <p>The others answers cannot be correct. A (refers to root systems), C and D (refers to animals and livestock, not crops).</p>	<b>(1)</b>

Question number	Answer	Mark
<b>2(c)</b>	<p style="text-align: center;"><b>AO2 (1 mark) / AO3 (1 mark)</b></p> <p>Award 1 mark for basic evidence from the from the image (AO3) and a further 1 mark for extension through explanation (AO2), up to a maximum of 2 marks.</p> <ul style="list-style-type: none"> <li>• There appears to be a walker in the picture (1) which shows how the forest can act as a place of recreation (1).</li> </ul>	

	<ul style="list-style-type: none"> <li>• The forest provides a leisure environment (1) for ecotourists (1).</li> <li>• The trees (1) produce oxygen (which humans need to breathe) (1).</li> <li>• There are wide variety of trees shown (1) indicated how the forest helps maintain biodiversity (1).</li> </ul> <p>Accept any other appropriate responses.</p>	<b>(2)</b>
--	--	------------

Question number	Answer	Mark
<b>2(d)</b>	<p style="text-align: center;"><b>AO1 (1 mark)</b></p> <p>Award one mark for a suitable land use.</p> <ul style="list-style-type: none"> <li>• Agriculture (1)</li> <li>• Tourism (1)</li> <li>• Recreation/leisure (1)</li> <li>• Residential (1)</li> <li>• Mining (1)</li> <li>• Forestry (1)</li> </ul> <p>Accept any other appropriate response.</p>	<b>(1)</b>

Question number	Answer	Mark
<b>2(e)</b>	<p style="text-align: center;"><b>AO2 (2+2 marks)</b></p> <p>Award 1 mark for identification of a challenge and a further expansion mark, up to a maximum of 2 marks each.</p> <ul style="list-style-type: none"> <li>• To increase access to safe drinking water (1) NGOs such as Water Aid have helped dig wells and establish sustainable water supplies (1).</li> <li>• To help increase yields (1) NGOs such as Tractors for Africa have donated tractor to aid mechanisation (1).</li> </ul>	

	<ul style="list-style-type: none"> <li>To help those in rural areas have access to education (1) some NGOs such as Build Africa support education in rural communities as a route out of poverty (1).</li> </ul> <p>Accept any other appropriate response.</p>	<b>(4)</b>
--	--	------------

Question number	Answer	Mark
<b>2(f)</b>	<p style="text-align: center;"><b>AO1 (1 mark) / (AO3) 2 marks</b></p> <p>Award 1 mark for an identification of a trend and a further 2 marks for extension through explanation or description, up to a maximum of 3 marks.</p> <ul style="list-style-type: none"> <li>There has been a significant decline in the percentage of people living in rural areas in Nigeria (1) almost 20% from 1991-2019 (1) due to rapid urbanisation and associated rural-urban migration (1).</li> <li>There has been a decline in the percentage of urban population in both Nigeria and China (1) although this has been slightly faster in China (1) likely to be increased industrialisation (1).</li> </ul> <p>Accept any other appropriate response.</p>	<b>(3)</b>

Question number	Answer	Mark
<b>2(g)</b>	<p style="text-align: center;"><b>AO2 (4 marks)</b></p> <p>Award 1 mark for identification of each suitable strategy for health and housing, an additional mark for development through further explanation or exemplification. Maximum two marks for each strategy.</p> <p>Health:</p> <ul style="list-style-type: none"> <li>Build a new health centre (in remote rural area) (1) to ensure rural communities can access information about healthy diets (1).</li> </ul> <p>Housing:</p>	

	<ul style="list-style-type: none"> <li>• Improve housing to include solar powered lighting (1) to allow families to work at home in areas off the main electricity grid (1).</li> </ul> <p>Accept any other appropriate response.</p>	<b>(4)</b>
--	---	------------

Question number	Indicative content
<b>2 (h)</b>	<p style="text-align: center;"><b>AO3 (4 marks)/AO4 (4 marks)</b></p> <p><b>Marking instructions</b></p> <p>Markers must apply the descriptors in line with the general marking guidance and the qualities outlined in the levels-based mark scheme below.</p> <p><b>Indicative content guidance</b></p> <p>The indicative content below is not prescriptive and candidates are not required to include all of it. Other relevant material not suggested below must also be credited. Relevant points may include:</p> <p><b>AO3</b></p> <ul style="list-style-type: none"> <li>• The factors leading to change in rural areas are predominantly human.</li> <li>• Processes of rural-urban migration mean there are still labour shortages in many rural areas. Often farmers have to bring in labour especially during harvest seasons.</li> <li>• Counter-urbanisation and the desire to move away from the city is creating pressure on land in rural areas, particularly to build new housing, or new business parks/industrial estates.</li> <li>• The price of many crops has fallen, as many can be imported at a cheap price, so some farmers need to diversify their income to maintain viability, this can include pick-your-own farm, farm shops, farm experiences.</li> </ul> <p><b>AO4</b></p> <ul style="list-style-type: none"> <li>• Figure 2c shows how there are some challenges facing farmers in the United States including labour and property developers.</li> <li>• Figure 2c indicates that there are activities which can take place to try and diversify income, including opening a coffee shop.</li> <li>• Figure 2c shows how the need for labour and additional income, as well as demand for building property in rural areas may be affecting rural change in developed countries.</li> </ul>

Question number	Answer	Mark
<b>3(a) (i)</b>	<p style="text-align: center;"><b>AO1 (1 mark)</b></p> <p>B Cheaper to build on (1)</p> <p>The answer cannot be A (incorrect), C, (disadvantage), or D (disadvantage).</p>	<b>(1)</b>

Question number	Answer	Mark
<b>3(a)(ii)</b>	<p style="text-align: center;"><b>AO1 (1 mark)</b></p> <p>Award 1 mark for a suitable factor identified.</p> <ul style="list-style-type: none"> <li>• Population growth/natural increase (1)</li> <li>• Rural to urban migration (1)</li> <li>• Industrialisation/economic development (1)</li> </ul> <p>Accept any other appropriate response.</p>	<b>(1)</b>

Question number	Answer	Mark
<b>3(b)</b>	<p style="text-align: center;"><b>AO1 (1 mark)</b></p> <p>C 10 million people (1)</p> <p>The answer cannot be A or B (too few), or D (too many).</p>	<b>(1)</b>

Question number	Answer	Mark
<b>3(c)</b>	<p style="text-align: center;"><b>AO2 (1 mark) / AO3 (1 mark)</b></p> <p>Award 1 mark for basic evidence from the from the photograph (AO3) and a further 1 mark for extension through explanation (AO2), up to a maximum of 2 marks.</p> <ul style="list-style-type: none"> <li>• Very high density high-rise housing (1) associated with rapid urbanisation in order to try and cope with increased number of residents (1).</li> <li>• Lower quality housing in the foreground (1) which suggests housing supply has not been able to keep up with demand (1).</li> </ul> <p>Accept any other appropriate response.</p>	<b>(2)</b>

Question number	Answer	Mark
<b>3(d)</b>	<p style="text-align: center;"><b>AO1 (1 mark)</b></p> <p>Award 1 mark for a suitable definition.</p> <ul style="list-style-type: none"> <li>• Work not officially recognised (1).</li> <li>• Work done by people who work for themselves on the streets of the city (1).</li> <li>• Work that doesn't have set wages or involve paying any taxes (1).</li> </ul> <p>Accept any other appropriate response.</p>	<b>(1)</b>

Question number	Answer	Mark
3(e)	<p style="text-align: center;"><b>AO2 (2+2 marks)</b></p> <p>Award 1 mark for a suitable factor and a further mark for expansion. Maximum 2 marks for each factor.</p> <ul style="list-style-type: none"> <li>• Increased levels of air pollution in city centres (1) leads people to want to move to the countryside for a cleaner environment (1).</li> <li>• Increased levels of crime in city centres (1) which leads people to seek safer areas outside of the city (1).</li> <li>• High land prices and housing costs in cities (1) is leading people to look to more rural areas where prices may be lower (1).</li> <li>• Rising wealth of population as people want a better quality of life (1) by living in quieter and greener locations away from the city (1).</li> <li>• Improvements in communication networks (1) which mean people can work from home rather than travel to a central office (1).</li> <li>• Elderly people retiring (1) wanting a more peaceful environment (1).</li> </ul> <p>Accept any other appropriate response.</p>	<b>(4)</b>

Question number	Answer	Mark
3(f)	<p style="text-align: center;"><b>AO1 (1 mark) / (AO3) 2 marks</b></p> <p>Award 1 mark for an identification of a trend and a further 2 marks for extension through explanation or description, up to a maximum of 3 marks.</p> <ul style="list-style-type: none"> <li>• There has been an increase in the percentage of population living in urban areas in all three regions (1) due to rapid urbanisation (1) as urban areas have continued to grow due to rural-urban migration (1).</li> <li>• The region with the highest percentage of population living in rural areas to date has been Europe (1) as this region experienced urbanisation earlier than Africa and Asia (1), and this is predicted to continue into the future (1).</li> <li>• The increase in the percentage of the population living in urban areas is more rapid in Africa and Asia compared to Europe (1) because many countries in these regions are undergoing rapid urbanisation (1) due to rural-urban migration (1).</li> </ul> <p>Accept any other appropriate response.</p>	<b>(3)</b>

Question number	Answer	Mark
<b>3(g)</b>	<p style="text-align: center;"><b>AO2 (4 marks)</b></p> <p>Award 1 mark for initial explanation and an additional mark for development through further explanation or exemplification. Maximum 2 marks for each strategy.</p> <p>A range of countries and examples could be chosen, based on either waste, housing, transport, education e.g. with policies and incentives, as well as legislation.</p> <ul style="list-style-type: none"> <li>• A congestion charge has been introduced in some cities (London, Durham) (1) to try and reduce congestion and air pollution (1).</li> <li>• Residents are establishing community gardens in many cities (1) in order to build community cohesion, but also ensure access to fresh food (1).</li> <li>• Building cycle lanes (1) to provide transport routes which could reduce the use of cars (1).</li> </ul> <p>Accept any other appropriate response.</p>	<b>(4)</b>

Question number	Indicative content
<b>3 (h)</b>	<p style="text-align: center;"><b>AO3 (4 marks)/AO4 (4 marks)</b></p> <p><b>Marking instructions</b></p> <p>Markers must apply the descriptors in line with the general marking guidance and the qualities outlined in the levels-based mark scheme below.</p> <p><b>Indicative content guidance</b></p> <p>The indicative content below is not prescriptive and candidates are not required to include all of it. Other relevant material not suggested below must also be credited. Relevant points may include:</p> <p><b>AO3</b></p> <ul style="list-style-type: none"> <li>• There are a range of social challenges facing urban areas in developing/emerging countries.</li> <li>• Rapid urbanisation facing many cities in developing countries, such as Dhaka has led to increase pressure on many services such as education and healthcare, and not all people can access them.</li> </ul>

	<ul style="list-style-type: none"> <li>• Rapid rural-urban migration means there is often not enough housing available, and can lead to the development of squatter settlements where there are poor quality facilities, and overall a lower quality of life, creating many social challenges (from poverty, inequality, increased risk of disease and low literacy levels for example). In Dhaka for example there are around 4 million residents living in over 4,500 squatter settlements across the city.</li> <li>• Many of these social challenges are interlinked, if people can access skilled jobs, they can increase their income which can lead to a higher quality of life.</li> <li>• In addition to these social challenges, urban areas face multiple environmental and economic challenges from ensuring reliable electricity supply through to air pollution and congestion. For some groups of people these may rank higher on the priority list than some of the social challenges.</li> </ul> <p><b>AO4</b></p> <ul style="list-style-type: none"> <li>• Figure 3c indicates some of the social challenges facing urban areas in Bangladesh, according to a city developer.</li> <li>• Figure 3 indicates there is a high demand for housing which may mean there is not enough for all residents.</li> <li>• Figure 3c suggests that there may be challenges about ensuring all children access education.</li> <li>• Figure 3c suggests that population change is creating pressure on local services, such as healthcare.</li> </ul>
