PEARSON

Read Text C1 and answer questions 1 to 5.

Text C1

Jamila reads a leaflet about recycling.

Don't throw it away - recycle it!

To encourage people to recycle, councils in England will provide more recycling bins.

Studies show that the main reason people do not recycle is laziness.

Recycling is good for the environment and it saves money. In 2011 Londoners saved £30 million by recycling.

So, if you care about the environment- recycle.

What to put in the recycle bins:

- drink cans
- plastic coat hangers
- paper and cardboard
- jars and bottles (rinsed)
- plastic bottles
- supermarket carrier bags (paper and plastic)

What not to put in the recycle bins:

- batteries and electrical appliances
- plastic garden furniture
- plastic toys
- tissues or kitchen towels
- wire coat hangers

More information is available from www.recycleforcouncils.web

Text C1 questions

- 1 Put a tick ☒ in the correct box.

Which items should be rinsed before they are recycled?

| | | |
|----------|---------------------|--------------------------|
| A | Drink cans | <input type="checkbox"/> |
| B | Jars and bottles | <input type="checkbox"/> |
