Take Care Around Water

Fishing and boating on rivers or lakes is great fun but stay safe.

Keep out of open water!

- Take care not to fall in when walking or fishing on the banks of rivers or lakes.
- Do not jump into rivers or lakes to cool off. The water can be very cold even in hot weather. It can make your arms and legs go numb.
- The water may look calm but there is often a strong current that can pull even a strong swimmer under the water.
