

**APPLIED ART AND DESIGN (DOUBLE AWARD) 3810/3**  
**Unit 3 Working to project briefs**

**CANDIDATE GUIDANCE**

To be issued to candidates four weeks prior to the examination

All teacher-assessed marks to be returned to AQA by 10 January 2007

**This document contains:**

- general guidance
- details of the Project Brief.

**In addition to this paper you will require:**

- appropriate art and design materials.

Time allowed: 10 hours

Preparatory period: 4 weeks

**Instructions**

- Read the paper carefully. Before you start work make sure you understand all the information.
- Read the scenario and then choose **one** brief.
- You have a four week preparatory period to research, investigate and develop your ideas.
- You are allowed ten hours to produce your design proposal and an evaluation of your work.
- You must hand in your preparatory work, your design proposal and your evaluation at the end of the examination.
- The work submitted for this examination must be your own unaided work.

**Information**

- Your work will be marked out of 50.
- All your work, which includes the work done during the preparatory period, will be marked.

**Advice**

- You may discuss your ideas with your teacher.
- You should make sure that any materials or equipment which you might need are available before you start your ten hours of supervised work.
- You should take all of your preparatory work into the examination sessions.
- You should look at examples of the work of other artists, craftspeople and/or designers as part of your research.
- You may work on further supporting studies until you have completed your design proposal.

## What you have to do

Read the scenario and select **one** of the briefs. Carry out research, paying particular attention to the constraints and considerations of your chosen brief, including project management and health and safety issues. You should also research the ways in which other artists, craftspeople and/or designers have provided solutions to similar briefs. The preparatory work should be included in your submission. You should submit the equivalent of not less than two, and not more than four, A1 sheets (or a sketchbook or other suitable form) of research and developmental work.

During the four week preparatory period you must research the brief by collecting information and making notes and sketches from a range of primary and secondary sources. This will form the basis of your development of ideas. You should also research and experiment with an appropriate range of different media, materials and techniques to develop alternative design solutions. These initial designs should be in the form of clear annotated records, which you will use as a resource during the 10 hours of supervised time to develop and refine **one** idea.

There are three distinct stages in the work you must do which link together to produce all the evidence required. Each stage has its own distinctive features but forms part of the whole. They are:

- research, including others' work and your own developmental work to meet the brief
- your design proposal, appropriately presented
- a short written evaluation of your design proposal.

The work that you present must be of a standard and scale suitable to present to clients at the point where the client agrees to accept the design proposal and agrees the work to progress to its final finished piece. A final finished piece to scale is **not** required.

For further guidance you should refer to the unit specification and the assessment marking criteria on page 4 of this guidance.

## Introduction

A scenario and five briefs are provided. You should select **one** brief and undertake research related to its requirements. The theme is ancient civilisation holidays. Your research must include reference to work produced by others, with relevant primary and secondary research being included as part of your investigation. You should experiment with media and techniques to develop your ideas and progress to a design proposal that you will present to the client. Your work should take note of the relevant constraints identified in the brief you have selected and take into account the methods that would be used to produce the final piece of work if the client selects your design proposal.

## The Project Brief

### Scenario

A new exclusive travel company, Ancient Civilisation Holidays, is to be launched shortly. It will offer exclusive, tailor-made holidays to destinations which are rich in culture and archaeological treasures. It will offer tours which explore major ancient sites and antiquities. The civilisations in which it will specialise are:

- Chinese
- Egyptian
- Greek
- Roman

The directors of Ancient Civilisation Holidays are offering a series of commissions to artists, craftspeople and designers to ensure the success of its launch at a forthcoming trade fair.

Choose **one** of the following briefs.

### Briefs

- 1 Design a print to be used as an illustration for a poster. The design is required to represent **one** of the civilisations and its antiquities. It must be figurative, and five separate colours in total are to be used, including at least two overprinted. The size of the print is A3 landscape.
- 2 Design a sculpture for the exhibition stand at the forthcoming trade fair. The sculpture may be freestanding or suspended. The sculpture must reflect archaeological treasures from **one** of the civilisations. It should be no larger than 1 m in any dimension. Any suitable materials may be used but consideration must be given to health and safety.
- 3 Design the exhibition stand for the forthcoming trade fair. It must be a single-sided stand 2.3 m high and 2.4 m wide. It should include a panel with an image from **each** of the civilisations and the name of the company, Ancient Civilisation Holidays. Consideration must be given to the choice of materials, safety and layout.
- 4 Design the outer front cover for the company's brochure. The front cover is to be 34 cm × 24 cm. It must include the name of the company, Ancient Civilisation Holidays, and include a recognisable image associated with **each** of the civilisations, along with the following text:  
  
‘The definitive travel and accommodation guide to major ancient sites around the world’
- 5 Design fabric which is to be used as part of a uniform to be worn by the company staff. The fabric will be used for ties, neck scarves and jackets. Produce a design for **either** a printed scarf and a tie **or** a design for a woven fabric for a jacket. Designs must use a half drop repeat, and be influenced by colours and motifs associated with **one** of the civilisations.

**Ensure that in your final submission you state clearly which brief you have chosen.**

### Assessment requirements for GCSE in Applied Art and Design (Double Award) Unit 3: Working to project briefs
