

GCSE Applied French - Summer 2008

Grading information for Internally Assessed Units

Following each examination and moderation series Edexcel sets the grade boundaries for both internally and externally assessed units at an awarding meeting. This implies that all grade boundaries may change each year and hence centres are requested not to "mark" to these grade boundaries. They should award marks based on assessment criteria.

The raw mark boundaries are converted to uniform marks. The final grade for the qualification will be determined by aggregating the uniform marks for the units. The following table gives raw and uniform mark grade boundaries for the internally and externally assessed units in Summer 2008. Also included are the overall cash-in grade boundaries for 2701 and 3702. Please note there were no awards claimed for 3701 in this series.
