**Moving and Feeding : Foundation Tier**

Question No.	KEY
One	1 – cartilage 2 – synovial fluid 3 – ligament 4 – membrane
Two	1 – has teeth adapted to eat various foods 2 – is a carnivorous feeder 3 – feeds using a needle-like tube 4 – feeds by filtering water
Three	1 – ligaments 2 – muscles 3 – bones 4 – membranes in the joints
Four	1 – canine tooth 2 – incisor tooth 3 – premolar tooth 4 – molar tooth
Five	1 – bones 2 – feathers 3 – wings 4 – body
Six	teeth used to chew food teeth used to crush food
Seven	fin Q pushing backwards against the water muscles at R contracting and relaxing
Eight	8.1 – B, 8.2 – D, 8.3 – B, 8.4 – B
Nine	9.1 – B, 9.2 – B, 9.3 – B, 9.4 – B
Ten	10.1 – D, 10.2 – D, 10.3 – C, 10.4 – B

**Moving and Feeding : Higher Tier**

Question No.	KEY
One	1 – bones 2 – feathers 3 – wings 4 – body
Two	1 – cartilage 2 – tendon 3 – bone 4 – ligament
Three	fin Q pushing backwards against the water muscles at R contracting and relaxing
Four	they have bacteria in their gut which can digest cellulose they have teeth adapted to crush food
Five	5.1 – B, 5.2 – D, 5.3 – B, 5.4 – B
Six	6.1 – B, 6.2 – B, 6.3 – B, 6.4 – B
Seven	7.1 – D, 7.2 – D, 7.3 – C, 7.4 – B
Eight	8.1 – C, 8.2 – B, 8.3 – C, 8.4 – B
Nine	9.1 – D, 9.2 – A, 9.3 – D, 9.4 – C
Ten	10.1 – C, 10.2 – D, 10.3 – B, 10.4 – C
