

# GCSE SCIENCES ASSESSMENT PLANNER

Following your feedback we've created a new interactive online tool to help you plan your new GCSE science assessment; any re-sits and re-takes from September 2011.

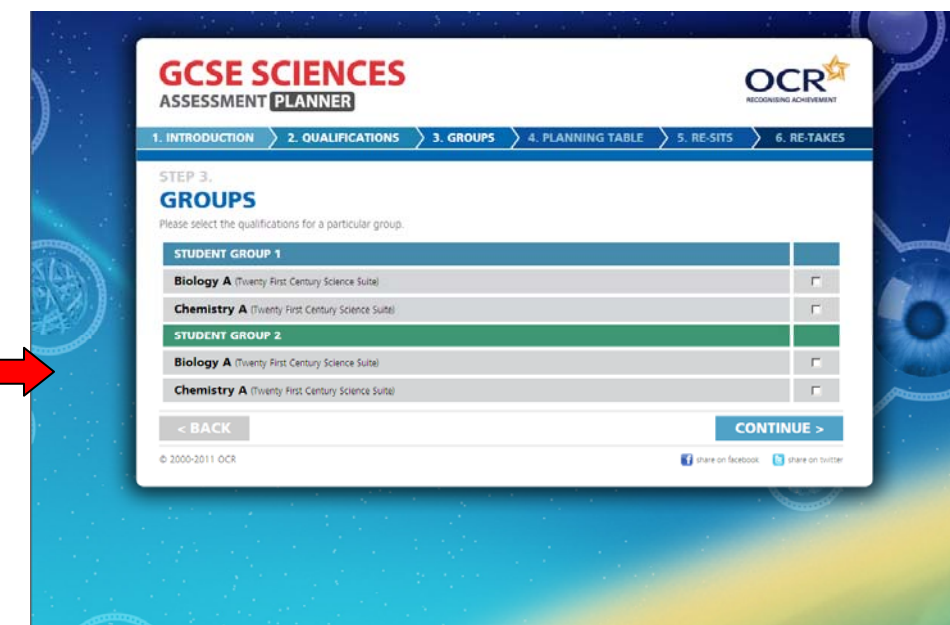

You can use the planner for up to four student groups taking a varied selection of science units and the planner will indicate whether the terminal 40% rule has been met.

STEP 1 – Start your planner

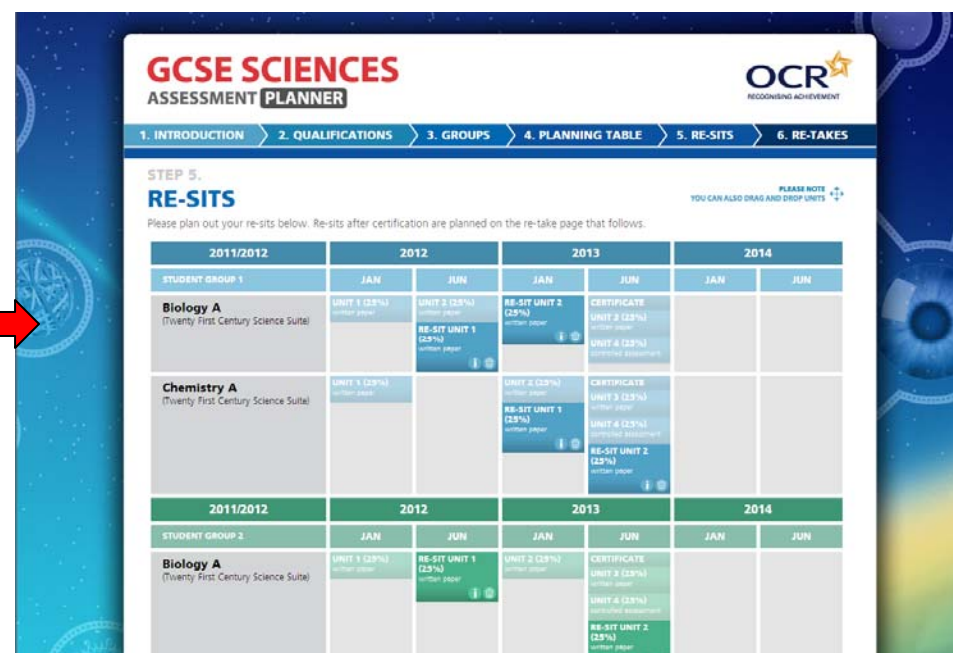

STEP 2 - Select the qualifications, the year and the number of student groups you plan to teach

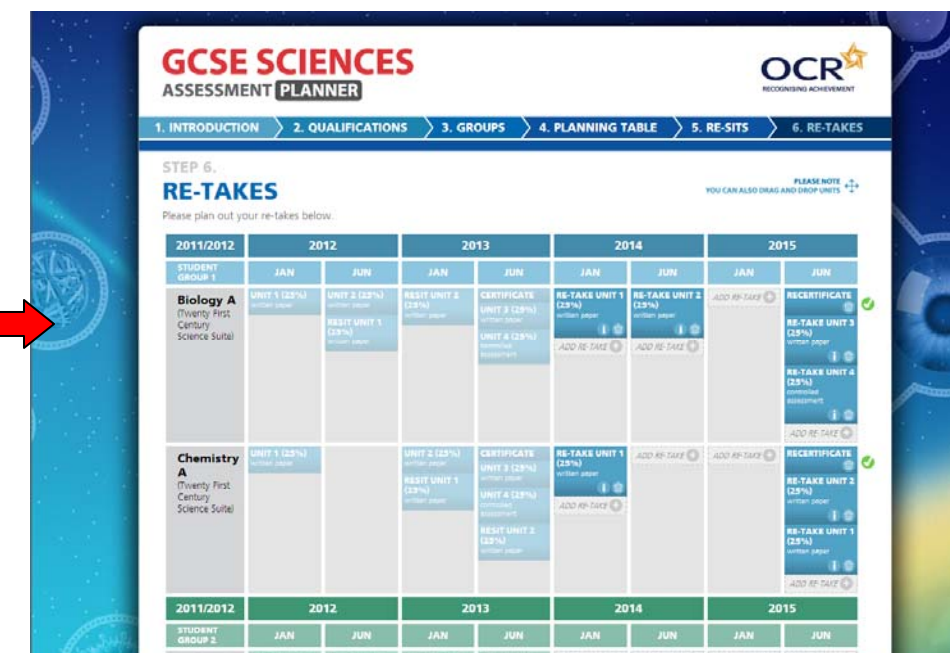

STEP 3 – Select the qualification(s) for each student group

STEP 4 – Plan out your unit assessment and certificate

STEP 5 – Plan out any re-sits

Step 6 – Plan out any re-takes

Start planning today and get instant access to the GCSE Sciences Assessment Planner.
