#### **SCENARIO**

The People Bank is a private recruitment agency which specialises in recruiting people for Information Technology jobs. It has a list of people looking for work and companies with job vacancies, and offers a range of services. It charges the companies a fee for advertising their job vacancies and carrying out the first stage of the selection process.

When a person looking for work contacts The People Bank, the staff collect their details and store them on a database. The details of companies looking for new employees are also stored on the database.

The People Bank has a website, which gives details of the services it provides and allows people using the site to view job advertisements and to send in their CV by e-mail.

Gerard Summers is the Manager of The People Bank. He often works away from the office, travelling around the country to meet his clients face to face. He has five staff: Jamel, Karin and Helena, who are consultants, Peter, the secretary, and Chi, the clerk.

Answer **all** questions in the spaces provided. If you wish to extend any answer, additional space is provided on page 16.

The consultants at The People Bank earn a basic salary of £22 000 per year plus commission. The commission is based on the number of candidates who take up jobs as a result of interviews which the consultant arranges. The amount of commission is higher for more highly paid appointments. The appointments are graded 1 (the least well paid), 2 and 3 (the best paid). The table below shows the number of successful appointments arranged by each consultant in 2002.

| Consultant | Grade 1 | Grade 2 | Grade 3 |
|------------|---------|---------|---------|
| Jamel      | 3       | 2       | 1       |
| Karin      | 2       | 1       | 0       |
| Helena     | 3       | 5       | 2       |

The commission for each appointment is £100 for a grade 1 appointment, £120 for grade 2 and £150 for grade 3.
