

## PREPARATION SHEET FOR THE 2003 EXAMINATION 3545/55PM

### **Design and Technology: Resistant Materials Technology** (For the Foundation and Higher Tiers of the Short and Full Courses)

#### **Instructions**

- This Preparation Sheet will be given to you on or after 1 March 2003.
- The context for **some** of the examination questions is given below and further information is given overleaf.
- Between March and the examination date you will have the opportunity to research the context with the guidance of your teacher.
- **No Preparation Sheets or any associated material may be taken into the examination room.**
- You **must** take some colouring pencils into the examination.

#### **RESEARCH CONTEXT: COMPUTER WORKSTATIONS**

The personal computer can now be found in many homes and is used by members of the family. A computer workstation is a convenient way to store and work at the computer.

Make a study of computer workstations.

Use the information overleaf to guide you in your research.

**Higher tier** candidates should also consider the needs of a wheelchair user who will require a work height 100 mm higher than the other members of the family will need.

**Short course** candidates will not be asked questions relating to metal processes.
