Product analysis theme for 2008: Visitor Guides

Papers 3 and 4 will contain a compulsory product analysis question on the theme: **Visitor Guides**.

This question will be assessed against the skills outlined in Section 5.2.3 of the specification content.

To assist teachers in the preparation of their candidates for this examination, it is suggested that the following aspects of visitor guides are considered:

- Function and purpose of visitor guides.
- Manufacturing methods used in the production of visitor guides.
- Specifying materials e.g. surface finish, thickness, weight, colour, quantity.
- Economic use of materials.
