Be creative.</p>

Session 1	Organisational instructions	Must say	Say in your own words
		<p><i>You can develop your ideas in whatever ways you think best – through sketching, writing or making models.</i></p> <p><i>Use whatever ways that will help show your most creative work.</i></p> <p><i>The examination board has given you each an answer booklet to record your progress throughout the challenge.</i></p> <p><i>Although you are not working in an examination hall you must still treat this activity as an examination. You should not talk unless you are told to do so by a member of staff. Part of the examination requires you to explain your work and receive comments from your work group. This will be explained by the member of staff before this activity takes place.</i></p> <p><i>Teaching staff are here to monitor health and safety and organise the running of the challenge. Staff are not allowed to give advice or guidance about your design or making activity. However, you are allowed to ask for clarification if you are not sure about a task.</i></p> <p><i>We will explain everything as we move through the two sessions.</i></p> <div data-bbox="1214 640 1453 1285" style="border: 2px solid black; padding: 5px; text-align: center;"> <p>PLEASE REMEMBER THAT THE EXAMINER WILL ONLY SEE THE WORKBOOK.</p> <p>IT IS IMPORTANT THAT EVIDENCE OF ALL THINKING, 2D DESIGNING, AND 3D MODELLING, (USING PHOTOGRAPHS), IS INCLUDED IN THIS WORKBOOK.</p> </div>	<p>Use it to record everything.</p> <p>In the world of work, many companies share ideas and discuss possibilities.
