

NOTICE TO CENTRES

FAO: Head of Geography

Date: 4 January 2012

Subject: GCSE Geography Unit B561 Pre-Release Resource Booklet

SUSTAINABLE DECISION MAKING EXERCISE PRE-RELEASE BOOKLET JANUARY 2012

RESOURCE 1, pages 2 and 3

Following a query from a centre, we are writing with clarification regarding the **rainfall bars** on the two hydrographs in Resource 1.

As candidates take into account the rainfall on the hydrographs in their preparation for this Unit, they need only consider the general pattern of the rainfall bars, including their height. The bars for Drainage Basin B are drawn slightly wider than those for Drainage Basin A. We can confirm that the **exact width** of the individual bars is **not significant** in this context.

Any enquiry about this Notice should be referred to the OCR Customer Contact Centre, (01223 553998), OCR, 1 Hills Road, Cambridge, CB1 2EU
