INSTRUCTIONS FOR COMPLETION OF THIS FORM

This form is a combined Coursework Individual Marksheet/Coursework Coversheet. The stars are marks available. The stars can be ticked or ringed to show marks awarded. The ticks in each column will then give the marks awarded for each of the three levels. The marks from each of the three columns will give a total out of 40. The following points need to be considered:

- the grid reflects the Internal Assessment (coursework) criteria defined in the specification;
- it implies, correctly, that Internal Assessment activities should be marked using levels marking rather than point marking
- the same marking criteria must be applied to all Internal Assessment investigations, whatever their internal structure. It is therefore a generic form suitable for all investigations. The Mandatory Code of Practice requires teachers to show clearly how marks have been awarded in relation to the marking criteria designed in the specification. This form fulfills this requirement and all candidates work in the moderation sample must have this sheet fastened to the front of the work. Centres are strongly advised to use this form as a standard cover sheet for all candidates as this will enable a speedy and efficient response to the Moderator's request for candidate's work. If this work is a re-submission the box below must be completed and signed by the candidate

Re-submission

(only applicable where the candidate's work has previously been presented)

Work for this unit was submitted in January/June 20____. I confirm that this is a new investigation and have provided my original investigation for comparison (Specification page 8).
