**GEOGRAPHY
(Specification A)
HIGHER TIER
UNIT 2: Options Geography**

A.M. THURSDAY, 22 May 2014

1 hour 15 minutes

Suitable for Modified Language Candidates

| For Examiner's use only | | | | |
|-------------------------|--------------|--------------|-----------|--------------|
| | Theme | Maximum Mark | SPaG | Mark Awarded |
| Section A | 7. | 20 | 4 | |
| | 8. | 20 | 4 | |
| | 9. | 20 | 4 | |
| Section B | 10. | 20 | 4 | |
| | 11. | 20 | 4 | |
| | 12. | 20 | 4 | |
| | Total | 60 | 12 | |

INSTRUCTIONS TO CANDIDATES

Use black ink or black ball-point pen.

Write your name, centre number and candidate number in the spaces at the top of this page.

Answer **one** question from Section A, **one** from Section B and **one other**.

Answer **no more** than **three** questions.

Write your answers in the spaces provided in this booklet. Where the space is not sufficient for your answer, continue the answer at the back of the book, taking care to number the continuation correctly.

INFORMATION FOR CANDIDATES

The number of marks is given in brackets at the end of each question or part-question.

You are reminded that assessment will take into account the quality of written communication used in your answers that involve extended writing.

In addition, your ability to spell, punctuate and use grammar accurately will be assessed in your answer to the last sub-question of each theme.

SECTION A - PHYSICAL OPTIONS

Answer at least one question from this section, but no more than two.

Theme 7 – Our Changing Coastline

1. (a) Study the map below which shows coastal areas at risk of a 2 metre rise in sea level.

Coastal areas of Wales and England at risk of a 2 metre rise in sea levels

- (i) Describe the locations of the coastal areas most at risk in England and Wales. [2]

.....

.....

(ii) Study the pair of photographs below. They show the coastline at Happisburgh, Norfolk, a coastline that is eroding rapidly.

The coastline at Happisburgh, Norfolk in 1988

The coastline at Happisburgh, Norfolk in 2009

Coastline 2009

0 100m
approx scale

Use the photographic evidence to compare the coastline in 2009 with that in 1988. [4]

Theme 8 – Weather and Climate

2. (a) The map shows the likely occurrence of forest fires as a natural hazard in Europe.

- (i) Describe the distribution of areas of Europe that have a high risk of forest fires. [2]

.....

.....

- (ii) The weather map shows different air pressure systems over Europe in summer 2012.

Annotate the map to explain how different pressure systems can lead to differences in the amount of forest fires between the UK and other parts of Europe. [4]

Theme 9 – Living Things

3. (a) Study the graph below. It shows the rate of deforestation in the Brazilian Amazon tropical rainforest between 1988 and 2011.

Deforestation in the Brazilian Amazon, 1988-2011 (km²)

- (i) Use the information from the graph to describe the trend in deforestation between 1997 and 2011. [2]

.....

.....

- (ii) Annotate the satellite image below. Give **two** ways that people are using this ecosystem. Suggest how these uses may affect the ecosystem. [4]

The dark green shows areas of undamaged tropical rainforest

BLANK PAGE

SECTION B – HUMAN OPTIONS

Answer at least one question from this section, but no more than two.

Theme 10 – Tourism

4. (a) Study the graph below.

The number of tourists visiting different parts of the world (millions)

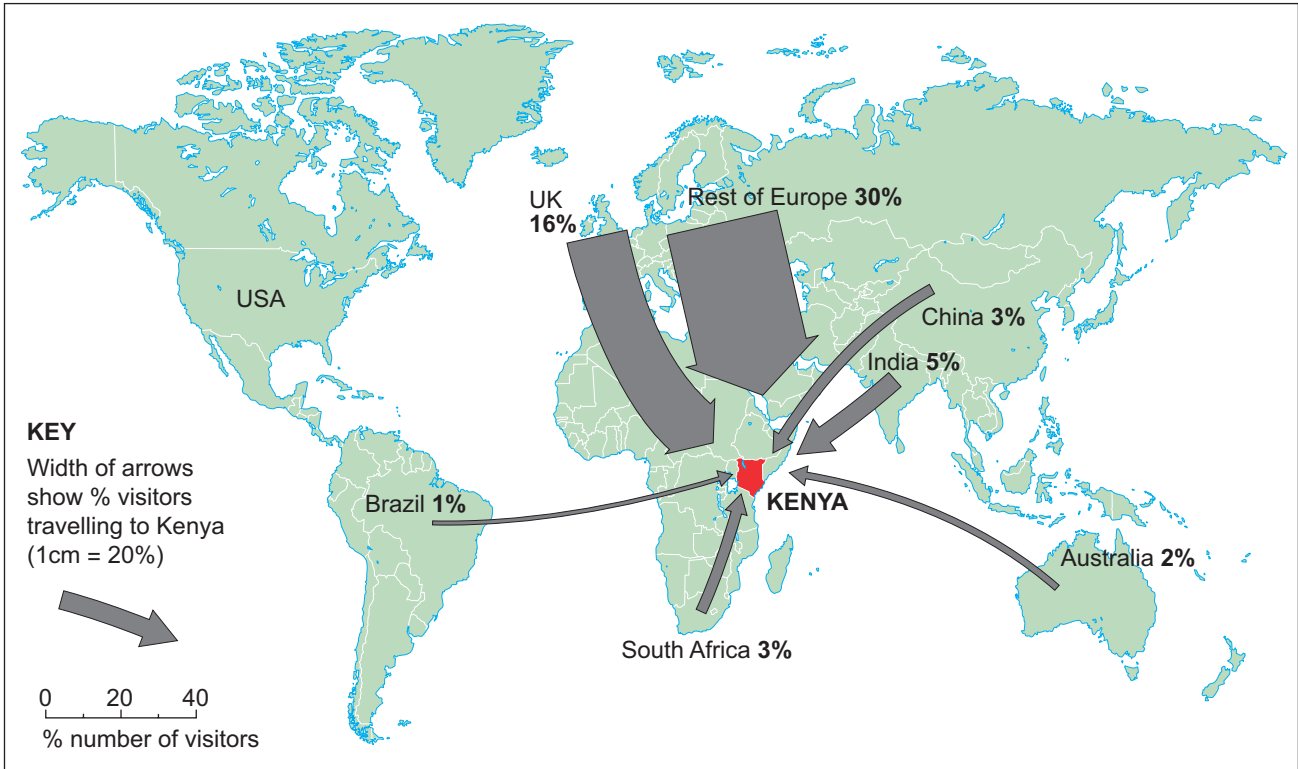

(i) Describe how the overall trend in tourist arrivals is changing over time. [2]

.....

.....

Origin of tourists visiting Kenya in 2010

- (ii) In 2010, 10% of visitors to Kenya came from the USA. Add an arrow to the map to show visitors from the USA. Describe the pattern shown on your completed map.
