Mark scheme

Specimen for 2018

Draft

Mark schemes are prepared by the Lead Assessment Writer and considered, together with the relevant questions, by a panel of subject teachers. This mark scheme includes any amendments made at the standardisation events which all associates participate in and is the scheme which was used by them in this examination. The standardisation process ensures that the mark scheme covers the students' responses to questions and that every associate understands and applies it in the same correct way. As preparation for standardisation each associate analyses a number of students' scripts. Alternative answers not already covered by the mark scheme are discussed and legislated for. If, after the standardisation process, associates encounter unusual answers which have not been raised they are required to refer these to the Lead Assessment Writer.

It must be stressed that a mark scheme is a working document, in many cases further developed and expanded on the basis of students' reactions to a particular paper. Assumptions about future mark schemes on the basis of one year's document should be avoided; whilst the guiding principles of assessment remain constant, details will change, depending on the content of a particular examination paper.

Further copies of this mark scheme are available from [aqa.org.uk](http://aqa.org.uk)

## Level of response marking instructions

Level of response mark schemes are broken down into levels, each of which has a descriptor. The descriptor for the level shows the average performance for the level. There are marks in each level.

Before you apply the mark scheme to a student's answer read through the answer and annotate it (as instructed) to show the qualities that are being looked for. You can then apply the mark scheme.

### Step 1 Determine a level

Start at the lowest level of the mark scheme and use it as a ladder to see whether the answer meets the descriptor for that level. The descriptor for the level indicates the different qualities that might be seen in the student's answer for that level. If it meets the lowest level then go to the next one and decide if it meets this level, and so on, until you have a match between the level descriptor and the answer. With practice and familiarity you will find that for better answers you will be able to quickly skip through the lower levels of the mark scheme.

When assigning a level you should look at the overall quality of the answer and not look to pick holes in small and specific parts of the answer where the student has not performed quite as well as the rest. If the answer covers different aspects of different levels of the mark scheme you should use a best fit approach for defining the level and then use the variability of the response to help decide the mark within the level, ie if the response is predominantly level 3 with a small amount of level 4 material it would be placed in level 3 but be awarded a mark near the top of the level because of the level 4 content.

### Step 2 Determine a mark

Once you have assigned a level you need to decide on the mark. The descriptors on how to allocate marks can help with this. The exemplar materials used during standardisation will help. There will be an answer in the standardising materials which will correspond with each level of the mark scheme. This answer will have been awarded a mark by the Lead Examiner. You can compare the student's answer with the example to determine if it is the same standard, better or worse than the example. You can then use this to allocate a mark for the answer based on the Lead Examiner's mark on the example.

You may well need to read back through the answer as you apply the mark scheme to clarify points and assure yourself that the level and the mark are appropriate.

Indicative content in the mark scheme is provided as a guide for examiners. It is not intended to be exhaustive and you must credit other valid points. Students do not have to cover all of the points mentioned in the Indicative content to reach the highest level of the mark scheme.

An answer which contains nothing of relevance to the question must be awarded no marks.

### Step 3 Spelling, punctuation, grammar and specialist terminology (SPGST)

Spelling, punctuation, grammar and specialist terminology will be assessed in question 06 in Section A.

	<b>Performance descriptor</b>	<b>Marks awarded</b>
<b>Level 3:</b>	<p><b>High performance:</b> In the context of the level of demand of the question, learners spell, punctuate and use grammar with consistent accuracy and also use specialist terminology with consistent accuracy.</p>	4 marks

<b>Level 2:</b>	<b>Intermediate performance:</b> In the context of the level of demand of the question, learners spell, punctuate and use grammar with considerable accuracy and also use specialist terminology with considerable accuracy.	2–3 marks
<b>Level 1:</b>	<b>Threshold performance:</b> In the context of the level of demand of the question, learners spell, punctuate and use grammar with reasonable accuracy and also use specialist terminology with reasonable accuracy; any errors do not hinder meaning in the response.	1 mark

Where a candidate writes nothing or fails to meet threshold performance they should receive 0 marks

**Section A**

- 01** What does **Interpretation A** suggest about what the North and South were fighting about in the Civil War?

Explain your answer using **Interpretation A**.

**Target** Analyse an individual interpretation of a key feature using contextual knowledge of the period. (AO4a) **2**

**Level 2** Answers that make inferences **2**

eg Interpretation A suggests that slavery was the sole reason for the conflict, with the Confederates seeking to maintain it and the North wishing to abolish it. No other cause of war is mentioned.

**Level 1** Answers that select or paraphrase relevant points **1**

eg Interpretation A says it was about the slaves gaining their freedom.

**Candidates either submit no evidence or fail to address the question** **0**

- 02** How does **Interpretation B** differ from **Interpretation A** about what the North and South were fighting about in the American Civil War? **4**

Explain your answer using **Interpretations A** and **B** and your contextual knowledge.

**Target Analyse how interpretations of a key feature of a period differ (AO4b)**

**Level 2 Analysis that explains complex inferences about both interpretations** **3-4**  
Answers make (a) comparison(s) by explained and supported inference  
Differences are supported and explained; analyses must be drawn from and relate to the content of each interpretation.

eg Candidates might explain how Davis sees the struggle as a political one between state and Federal power. By comparison candidates might explain Johnson's view of the war having a more human aspect to it being based on his personal experience as a former slave.

**Level 1 Analysis that identifies/describes simple inferences about differences from Interpretations A and B.** **1-2**  
Answers make a comparison by inference which is identified rather than explained

eg Candidates might state that Davis in Source B is fighting for the rights of the southern States but for Johnson in Source A it's the individual freedom of slaves that's the issue.

**Candidates either submit no evidence or fail to address the question** **0**

<b>03</b>	Why might the authors of <b>Interpretations A</b> and <b>B</b> have a different interpretation about what the North and South were fighting about in the Civil War?	<b>6</b>
	Explain your answer using the <b>Interpretations A</b> and <b>B</b> and your contextual knowledge.	
<b>Target</b>	<b>Analyse why interpretations of a key feature of a period differ (AO4c)</b>	
<b>Level 3</b>	<b>Answers that provide full analysis</b> Developed arguments based on the differences in the context of their time of writing, place, previous experience, knowledge, beliefs, circumstances and access to information <b>AND</b> purpose or audience.  eg Both parts of Level 2	<b>5-6</b>
<b>Level 2</b>	<b>Answers that provide partial analysis</b> <b>Either:</b> Responses based on the differences in the context of their time of writing, place, previous experience, knowledge, beliefs, circumstances, and access to information:  eg Candidates might argue that Davis and Johnson differed because of: <ul style="list-style-type: none"><li>• beliefs (one supports slavery; one is against slavery)</li><li>• circumstances (Davis was a plantation owner and ex-President of the Confederacy; Johnson was a former slave)</li><li>• knowledge (Johnson, as a slave, knew how slaves perceived the war; Davis understood the Confederate position).</li></ul> <b>Or:</b> Responses based on the differences in purpose or audience.  eg Candidates might argue that Davis and Johnson differed because of: <ul style="list-style-type: none"><li>• purpose (Davis wants to make the point that the war was a matter of constitutional principle; for Johnson it was about freedom).</li></ul>	<b>3-4</b>
<b>Level 1</b>	<b>Answers which provide general comments relating to the authors</b> eg <ul style="list-style-type: none"><li>• Davis was President of the Confederacy so would know what the war was all about</li><li>• Johnson was a slave so he would focus on that as the main issue.</li></ul>	<b>1-2</b>
	<b>Candidates either submit no evidence or fail to address the question</b>	<b>0</b>

<b>04</b>	Which interpretation do you find more convincing about what the North and South were fighting about in the American Civil War?  Explain your answer using the <b>Interpretations A</b> and <b>B</b> and your contextual knowledge.	<b>6</b>
<b>Target</b>	<b>Evaluate sources and make substantiated judgements in respect of their different interpretations of a key feature of a period (AO4d)</b>	
<b>Level 3</b>	<b>Answers that argue and evaluate a detailed case for and appreciate both interpretations, arriving at a substantiated judgement</b> Detailed support for both interpretations.  eg Candidates might conclude by favouring Interpretation B over A by arguing, for example, that Lincoln changed his policy during 1862 when he issued the Emancipation Proclamation whereas he had been more concerned at the start of the war with secession.	<b>5-6</b>
<b>Level 2</b>	<b>Answers that argue and explain the case for either Interpretation A or B</b> Answers show a detailed understanding and support for one interpretation. Answers explain a preference for one interpretation with only simple development of the other.  eg Candidates might develop an argument supporting Interpretation A by, for example, using the Emancipation Proclamation of 1862, Lincoln`s reference to human equality in his Gettysburg Address, and the freeing of slaves by the 13 <sup>th</sup> Amendment in 1865 to conclude that slavery was the central issue.  Or candidates might argue in support of Interpretation B that it was only when the Confederate states seceded that war came, that the Gettysburg Address was as much about preserving the Union as slavery, and that there had been slaves in America since the 17th century without causing war.	<b>3-4</b>
<b>Level 1</b>	<b>Simple argument for either/both interpretation(s)</b> Answers show an understanding and support for one/both interpretation(s), but the case is made by assertion/simple inference.  eg <ul style="list-style-type: none"> <li>• Slavery was abolished when the North won</li> <li>• Davis was leader of the Confederacy so he would know.</li> </ul>	<b>1-2</b>
	<b>Candidates either submit no evidence or fail to address the question</b>	<b>0</b>

<b>05</b>	Describe how the Plains Indians' way of life was suited to the Plains.	<b>6</b>
<b>Target</b>	<b>Demonstrate knowledge of the key features and characteristics of the period studies (AO1)</b>	
<b>Level 2</b>	<b>Developed knowledge, based on understanding</b> eg <ul style="list-style-type: none"><li>• buffalo were plentiful on the Plains and the Plains Indians used them for food, shelter and clothing</li><li>• living in tipis meant it was easier to live a migratory lifestyle on the Plains</li><li>• they were expert horsemen there so could hunt successfully.</li></ul>	<b>4-6</b>
<b>Level 1</b>	<b>Simple knowledge statements</b> eg <ul style="list-style-type: none"><li>• they found many uses for buffalo</li><li>• they lived in tipis</li><li>• they were good horsemen.</li></ul>	<b>1-3</b>
	<b>Candidates either submit no evidence or fail to address the question</b>	<b>0</b>

<b>06</b>	Which of the following groups did more to settle the West: <ul style="list-style-type: none"><li>• the Mormons</li><li>• the homesteaders?</li></ul>	<b>16</b>
<p>Explain your answer with reference to both groups.</p>		
<p><b>Target</b>    <b>A comparative analysis of consequences, differences and similarities (AO1:8, AO2:8)</b></p>		
<b>Level 4</b>	<b>Answers that show balanced, well-argued analysis linking both bullet points and arriving at a judgement</b> Extends Level 3.  eg Candidates' judgement might link the bullet points by stating that both groups were similarly important because they both settled initially hostile but different areas of America and that each group solved the particular problems posed by that environment so paving the way for others.  Or candidates' judgement might see differences, for example, the homesteaders because they settled a larger area across the Plains leading to its own transport and social and economic networks, as opposed to the Mormons in Utah who remained an isolated inward looking group because of their religion.	<b>13-16</b>
<b>Level 3</b>	<b>Answers that show a structured explanation and argument relating to both bullet points</b>  eg Candidates base their argument on the development of both bullet points  Candidates could argue for the Mormons on the grounds that, eg: <ul style="list-style-type: none"><li>• they settled a particularly hostile area by devising practical solutions to problems</li><li>• they settled their area over twenty years before the homesteaders</li><li>• they did not have the incentive of government measures such as the Homestead Act to encourage them and they encouraged others to settle through the Perpetual Emigration Fund.</li></ul>	<b>9-12</b>
<b>Level 2</b>	<b>Answers that develop/explain one bullet point</b>  Candidates might argue that the homesteaders did more to settle the West because, eg: <ul style="list-style-type: none"><li>• they spread over the Great Plains</li><li>• from the 1860s onwards, homesteaders were responsible for settling territories in the centre of North America such as Kansas, Colorado and Wyoming</li></ul>	<b>5-8</b>

- Homesteaders were there to stay, so that towns and cities developed with the rail networks to link them.

**Or**

**Answers that provide simple development of both bullet points**

Candidates identify/describe valid reasons without explaining them.

Candidates might state that, eg:

- the homesteaders spread over the Great Plains
- towns and cities developed with the rail networks to link them
- Mormons were the first people to settle in the Rockies.

**Level 1 Answers that show basic description and/or some basic reasoning. 1-4**

Candidates make simple factual statements or identify valid reasons related to one bullet point, eg:

- the homesteaders were farmers who settled on the Great Plains
- the Mormons settled around the Great Salt Lake in the Rockies.

**Candidates either submit no evidence or fail to address the question 0**

**SPGST:**

**Level 3: High performance: 4**  
In the context of the level of demand of the question, learners spell, punctuate and use grammar with consistent accuracy and also use specialist terminology with consistent accuracy.

**Level 2: Intermediate performance: 2-3**  
In the context of the level of demand of the question, learners spell, punctuate and use grammar with considerable accuracy and also use specialist terminology with considerable accuracy.

**Level 1: Threshold performance: 1**  
In the context of the level of demand of the question, learners spell, punctuate and use grammar with reasonable accuracy and also use specialist terminology with reasonable accuracy; any errors do not hinder meaning in the response.

**Candidates either submit no evidence or fail to address the question 0**

<b>07</b>	Study <b>Source A</b> .	<b>6</b>
	What are the strengths and weaknesses of <b>Source A</b> in understanding Anglo-German rivalry before the First World War?	
	Explain your answer using <b>Source A</b> and your contextual knowledge.	
<b>Target</b>	<b>Evaluate, question and make substantiated judgements about a source (AO3b)</b>	
<b>Level 3</b>	<b>Answers evaluate the strengths and weaknesses of the source</b> Candidates will discuss the strengths and weaknesses in detail. Candidates will evaluate, test and challenge the source using their own knowledge in context or provenance.  eg Candidates may use contextual knowledge of Anglo-German Naval rivalry to corroborate the source and see this as a strength; a perceived weakness might be Churchill's reasons (as First Lord of the Admiralty) at that time for deliberately highlighting the dangers of the situation.	<b>5-6</b>
<b>Level 2</b>	<b>Answers that explain the strengths or weaknesses of the source</b> Candidates will consider either strengths or weaknesses. Candidates will evaluate, test and challenge the source using their own knowledge in context or provenance.  eg Candidates may suggest that a weakness of the source might relate to the role of Churchill (as First Lord of the Admiralty) and his reasons at that time for deliberately highlighting the dangers of the situation.	<b>3-4</b>
<b>Level 1</b>	<b>Answers that describe the source and details from the source</b> Answers that provide simple statements in support of the source, describe single aspects or factual details. Answers may suggest generic, undeveloped strengths and/or weaknesses for the lower part of the level.  eg <ul style="list-style-type: none"> <li>• the source is just Churchill's point of view</li> <li>• Britain did have a big navy.</li> </ul>	<b>1-2</b>

<b>08</b>	Study <b>Sources B</b> and <b>C</b> .	<b>10</b>
	Which source is more useful for understanding Austria's reaction to the assassination of Franz Ferdinand?	
	Explain your answer using <b>Sources B</b> and <b>C</b> and your contextual knowledge.	
	<b>Target Evaluate sources and make substantiated judgements (AO3b)</b>	
<b>Level 5</b>	<b>Answers that argue a detailed case for both sources using contextual knowledge and provenance, arriving at a substantiated judgement</b> Developed explanations of both sources based on provenance and contextual knowledge. Answers making a substantiated judgement about the relative merits of each source will gain 10 marks.  eg Candidates produce a balanced argument based on a detailed understanding of both sources and may explain that they are both useful because they reflect similar Austrian attitudes related to the need/opportunity to crush Serbian nationalism.	<b>9-10</b>
<b>Level 4</b>	<b>Answers that argue and explain a developed case, using contextual knowledge and provenance, for one source.</b> Answers explain a preference for one source based on provenance and contextual knowledge. There may be reference to the other source.  eg Candidates may focus on one source and explain why its provenance might reflect contemporary Austrian anti-Serbian attitudes and supports or tests this against knowledge of the perceived threat posed by Serbian nationalism.	<b>7-8</b>
<b>Level 3</b>	<b>Answers that argue and explain the case for either/both sources, based on either provenance or contextual knowledge</b>  eg Candidates will focus on one source and may explain how the provenance of the cartoon or the Hotzendorf source may be used by historians to shed light on anti-Serbian attitudes in 1914.	<b>5-6</b>
<b>Level 2</b>	<b>Answers that assert the case for either/both sources(s) based on valid identified points but give no explanation</b> Answers show an understanding of and support for one/both source(s), but the case is made by assertion/simple inference; no explanation is given.  eg Candidates may state identified points which rely on inference about what Hotzendorf is suggesting such as that this is Austria-Hungary's last chance and/or the message of the cartoon, such as Serbia had to be crushed to stop the terrorist threat.	<b>3-4</b>
<b>Level 1</b>	<b>Answers that describe or paraphrase the source(s) and details from the source(s)</b> Answers provide simple statements in support of one source, describe single aspects or factual details.  eg Candidates may simply describe details of the image from the cartoon or paraphrase parts of the written source.	<b>1-2</b>

eg

- Serbia was a threat
- Austria-Hungary had to act now.

<b>Level 3</b>	<b>Developed answer about the consequence(s) of the event</b>  eg British suspicions of German naval ambitions and the threat they posed to the Empire were heightened as Morocco was strategically important to the Mediterranean...	<b>5-6</b>

<b>Level 3</b>	<b>Answers evaluate the strengths and weaknesses of the source</b> Candidates will discuss the strengths and weaknesses in detail. Candidates will evaluate, test and challenge the source using their own contextual knowledge or the source's provenance.  eg Contextual knowledge of Lloyd George's actions in pressing for reparations at Versailles supports the source; a perceived weakness would be that the source does not reveal true aims as Lloyd George's was electioneering and appealing to the British public.	<b>5-6</b>
<b>Level 2</b>	<b>Answers that explain the strengths or weaknesses of the source</b> Candidates will consider either strengths or weaknesses. - 14** ‘The main reason for conflict in the 1930s was the weakness of the League of Nations.’ **16**
- How far do you agree with this statement?
- Explain your answer.
- Target Demonstrate knowledge and understanding to explain and analyse historical events using second order concepts (AO1:8, AO2:8)**
- Level 4 Answers that develop out of level 3 and evaluate the relative merits of judgement in the ‘Statement’ 13-16**
- The answer demonstrates a balanced, integrated summary assessment or judgement about the merits of the issue posed in the question, supported by sustained reasoning and evidence.
- eg Candidates may arrive at the judgement that the weakness of League was important as this was the body set up to avoid future wars, but they did not do so... However it was the actions of the dictators that brought about conflict. On balance it was the weakness of the League that encouraged dictators.
- Level 3 Answers that argue a detailed case for the ‘Statement’ given and alternative judgement(s) 9-12**
- Answers may suggest that one assessment has greater merit.
- eg Candidates may explain that the League was slow to react to Manchurian Crisis and so aggression was not deterred. The Abyssinian War also due to weaknesses of the League because a permanent member of the League’s Council had committed an act of aggression and sanctions were ineffective...
- Candidates may argue that the appeasement policies of Britain and France allowed the dictators to gain in strength by not opposing Hitler’s remilitarisation of the Rhineland or the Anschluss they allowed Germany to become strong enough to cause conflict.
- Level 2 Answers that argue the case for the ‘Statement’ or another judgement that shows detailed understanding and support 5-8**
- Answers stating a preference for one judgement but with only simple development of another view will be marked at this level.
- eg Candidates may explain that the League was slow to react to Manchurian Crisis and so aggression was not deterred. The Abyssinian War also due to weaknesses of the League because a permanent member of the League’s Council had committed an act of aggression and sanctions were ineffective...

- Target Demonstrate knowledge and understanding to explain and analyse historical events using second order concepts (AO1:8, AO2:8)**
- Level 4 Answers that develop out of Level 3 and evaluate the relative merits of judgement in the 'Statement'** **13-16**
- The answer demonstrates a balanced, integrated summary assessment or judgement about the merits of the issue posed in the question, supported by sustained reasoning and evidence.
- eg Candidates may arrive at the judgement that the Soviet Union was mainly to blame because of their actions in Berlin and Prague. - Answers may suggest that one assessment has greater merit.
- eg Soviet aggression was evident in the building of the Berlin Wall and in the suppression of the Prague Spring which the West saw as an attack on freedom.
- eg America was responsible for the tension in the 1960s. The spying on Russia during the Geneva talks broke down trust. America's investment in West Germany was viewed with hostility and suspicion in the USSR.
