TIME

1 hour 30 minutes.

INSTRUCTIONS TO CANDIDATES

Write your Centre Number and Candidate Number in the spaces provided at the top of this page.

Write your answers in the spaces provided in this question paper.

Complete in blue or black ink only. **Do not write in pencil or with a gel pen.**

Answer **all fifteen** questions.

INFORMATION FOR CANDIDATES

The total mark for this paper is 140, including a maximum of 7 marks for the quality of written communication.

Figures in brackets printed down the right-hand side of pages indicate the marks awarded to each question or part question.

1 (a) A virus is:

- A Software designed to protect the computer
- B Software designed to damage the computer
- C Hardware designed to damage the computer
- D Hardware designed to protect the computer

Answer _____ [1]

(b) The law designed to protect computers from unauthorised access is:

- A The Computer Management Act
- B The Computer Misuse Act
- C The Data Misuse Act
- D The Data Management Act

Answer _____ [1]

(c) The law designed to protect personal data and information is:

- A The Data Protection Act
- B The Data Security Act
- C The Information Protection Act
- D The Information Security Act

Answer _____ [1]

(d) Which statement is **FALSE** about **flash memory**?

- A It is used in memory sticks
- B It cannot be erased
- C It is used in mobile phones
- D It has no moving parts

Answer _____ [1]

(e) The **clipboard** on a computer:

- A Stores data when the computer is switched off
- B Stores data for the operating system
- C Stores data when it is being copied
- D Stores data when it is being printed

Answer _____ [1]

(f) Web pages:

- A Are written using HTML and may contain hyperlinks
- B Are written using HTTP and may contain hyperlinks
- C Can only be viewed online whilst connected to the Internet
- D Cannot be sent as attachments

Answer _____ [1]

Marks Remark

(g) E-commerce is:

- A** Using ICT to manage sales and orders
- B** Communicating with customers via the Internet
- C** The buying and selling of goods and services via the Internet
- D** Using networks to link stores electronically

Answer _____ [1]

(h) Text-wrapping is:

- A** When text is placed behind images on a printed document
- B** When text scrolls along the top of a web page when it is loaded
- C** When animated text enters a slide on a presentation
- D** When text flows automatically around a graphic

Answer _____ [1]

(i) Refining the search in a search engine will:

- A** Increase the number of web pages returned in a search
- B** Reduce the number of web pages returned in a search
- C** Lead to web pages automatically being loaded onto the user's screen
- D** Provide increased security for the user when they are using the Internet

Answer _____ [1]

- 2 Mrs Maxwell is taking 15 pupils on a trip to London. She has prepared the following spreadsheet showing the costs.

Examiner Only	
Marks	Remark

	A	B	C	D	E	F	G
1	London Trip Costs						
2	ITEM	Quantity	Cost	Total Cost	% Discount	Discount £	Total Payable
3	Airporter Bus Ticket	15	£ 20.00	£ 300.00	10%	£ 30.00	£ 270.00
4	Flight Ticket	15	£ 45.00	£ 675.00	5%	£ 33.75	£ 641.25
5	Stansted Express Ticket	15	£ 20.00	£ 300.00	10%	£ 30.00	£ 270.00
6	Wizard of Oz Ticket	10	£ 46.00	£ 460.00	15%	£ 69.00	£ 391.00
7	National Museum Ticket	5	£ 5.00	£ 25.00	5%	£ 1.25	£ 23.75
8	Globe Theatre Ticket	12	£ 18.00	£ 216.00	10%	£ 21.60	£ 194.40
9	Hotel Cost	15	£150.00	£2,250.00	10%	£225.00	£2,025.00
10			£304.00	£4,226.00		£410.60	£3,815.40

- (a) Apart from the use of bold, how have the cells in *row 1* been formatted?

_____ [1]

- (b) Below is a section of the spreadsheet. Enter the **THREE** formulae you would expect to find in the spaces provided.

	A	B	C	D	E	F	G
1	London Trip Costs						
2	ITEM	Quantity	Cost	Total Cost	% Discount	Discount £	Total Payable
3	Airporter Bus Ticket	15	£20.00	[1]	10%	[1]	[1]

--	--

7016

0 6

- (c) Mrs Maxwell decides to include validation on the % Discount column. In the table below tick (✓) the validation rule which will allow all values in the range 0 to 100.

Validation Rule	Tick
>0 and <100	
>=0 and <=100	
<0 and >100	

[1]

- (d) The following chart has been produced from the spreadsheet showing a summary of the costs for the London trip.

- (i) Circle the **legend** on the chart. [1]

- (ii) What is the purpose of a **legend** on any chart?

_____ [1]

- (iii) List the **cell references** of the two cell ranges used to produce the chart.

Cell range 1 _____

Cell range 2 _____ [2]
