

**Tuesday 17 January 2012 – Morning**

**GCSE INFORMATION AND COMMUNICATION TECHNOLOGY**

**2359/02 Paper 3 (Higher Tier)**

Candidates answer on the Question Paper.

**OCR supplied materials:**

None

**Other materials required:**

None

**Duration:** 1 hour 15 minutes

Candidate forename					Candidate surname				
--------------------	--	--	--	--	-------------------	--	--	--	--

Centre number						Candidate number			
---------------	--	--	--	--	--	------------------	--	--	--

**INSTRUCTIONS TO CANDIDATES**

- Write your name, centre number and candidate number in the boxes above. Please write clearly and in capital letters.
- Use black ink. HB pencil may be used for graphs and diagrams only.
- Answer **all** the questions.
- Read each question carefully. Make sure you know what you have to do before starting your answer.
- Write your answer to each question in the space provided. Additional paper may be used if necessary but you must clearly show your candidate number, centre number and question number(s).
- Do **not** write in the bar codes.

**INFORMATION FOR CANDIDATES**

- The number of marks is given in brackets [ ] at the end of each question or part question.
- The total number of marks for this paper is **60**.
- This document consists of **8** pages. Any blank pages are indicated.

- 1 Tick **one** box in each row to show whether the statement is true or false.

Statement	True (✓)	False (✗)
A length check could be used with 10 character identity codes		
A range check could be used with students' names in a database		
An invalid character check could be used with 6 digit dates of birth		
Check digits are used with the entry of examination marks		

[4]

- 2 A system is about to be computerised. Using questionnaires is one method of collecting information about the existing system.

- (a) Explain why using questionnaires is **not** always the best method of collecting information.

.....  
.....  
.....  
.....

[2]

- (b) Identify **two** other methods of collecting information about an existing system.

Method 1 .....

.....  
Method 2 .....

[2]

- 3 A small business wants to convert its manual payroll system to a computerised one.

Tick **three** reasons why they would implement this using parallel running rather than direct changeover.

Reason	✓
Documentation of the system is not required	
It is easier to check that the new system is working correctly	
It is easier to modify the system and still produce the payroll	
Their total wage bill will be lower	
There is no delay before the new system is fully operative	
They still have the manual system to use if the new system fails	

[3]

- 4 A doctor's surgery uses an expert system. Tick **four** items which must be part of an expert system.

Item	✓
Bar code reader	
Dot matrix printer	
Graphics package	
Inference engine	
Interactive input screen	
Knowledge base	
Rules base	
Search engine	

[4]

- 5 A company allows some employees to work from home.

Describe **two** advantages to the worker of working from home when compared with working in an office.

Advantage 1 .....

.....  
Advantage 2 .....

[2]

- 6 Tick **four** requirements of the Data Protection Act.

Requirement	✓
Individuals have a right to view the information held about them.	
Personal data shall be accurate and, where necessary, kept up to date.	
Personal data shall be adequate, relevant and not excessive in relation to the purpose or purposes for which they are processed.	
Personal data shall be kept for 100 years.	
Personal data shall be obtained for any purpose the data holder feels is necessary.	
Personal data shall be processed fairly and lawfully.	
Personal data shall be processed without considering the rights of data subjects.	

[4]

- 7 Describe the differences between a WAN and a LAN.

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....

[3]

- 8 A head teacher has decided to stop producing the school newsletter in printed form. She will put the information on the school's website instead.

Describe, giving examples, **three** different features that could be used when presenting information on a website that would **not** be available in a printed newsletter.

1 .....

.....

.....

2 .....

.....

.....

3 .....

.....

.....

[6]

- 9 Give **three** benefits to a company of selling its goods online.

1 .....

.....

.....

2 .....

.....

.....

[3]

- 10 An ICT system is to be introduced to deal with examination marks. Before the system is implemented it has to be tested.

Explain what is meant by normal test data, abnormal test data and extreme test data, using examples for an examination marked out of 60.

Normal test data .....

.....  
.....  
.....

Abnormal test data .....

.....  
.....  
.....

Extreme test data .....

.....  
.....  
.....

[6]

- 11 Explain why the different types of memory, ROM and RAM are both needed, giving examples of their use.

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....

[4]

- 12** Most organisations keep personal data about their employees on computer.

Discuss the methods that could be used to ensure this data is kept secure.

- [9]

- 13** A car manufacturer has introduced the use of robots on its production lines.

Discuss the advantages and disadvantages of this change to the company and the workers.

- [8]
